

Knox County Air Pollution Control Board

**Proposed Regulatory Revisions
October 16, 2013**

1. Add new Section 25.6.M that reads as follows:

“ M. Laboratory equipment, used for research and development or for chemical and physical analyses, including ventilating and exhaust systems for laboratory hoods used for air contaminants. “

2. Add new Section 25.11 that reads as stated in Attachment I of this listing.

3. Add new Section 26.5.C that reads as follows:

“C. Emissions Statement

1. Owners and operators of sources with actual emissions greater than 25 tons per year of nitrogen oxides or volatile organic compounds shall provide an annual report as prescribed by the Director.
2. This report shall be certified by the responsible official and submitted to the Department by June 15 each year.”
