

Public Notice

As required by Knox County Air Quality Management Regulation Section 25.1-E, the Knox County Department of Air Quality Management is providing the public the opportunity to submit written comments on the proposed construction and/or modification of air contaminant source(s) as noted below.

TCG Services, Inc. dba AT&T Corp has applied to construct a 780 hp diesel fired emergency generator at the wireless telecommunications facility located at 900 S Gay Street, Knoxville, TN 37902. Questions concerning the source(s) may be addressed to Amy Mullikin at (865) 215-5900 or by e-mail at Amy.Mullikin@knoxcounty.org.

DC Foundations has applied to construct an aggregate processing plant to be located at 6803 Oak Ridge Highway, Knoxville, TN 37931. The aggregate processing plant includes a portable crusher and screener utilizing wet suppression for air pollution control. Questions concerning the source(s) may be addressed to Amy Mullikin at (865) 215-5900 or by e-mail at Amy.Mullikin@knoxcounty.org.

Knoxville Utilities Board has applied to construct three (3) 3363 hp diesel fired emergency generator at the water treatment facility located at 2000 Riverside Drive, Knoxville, TN 37915. Questions concerning the source(s) may be addressed to Anna Peterson at (865) 215-5900 or by e-mail at Anna.Peterson@knoxcounty.org.

To be considered, written comments must be received no later than November 12, 2020 and be submitted using one of the following methods:

1. **Mail, private carrier, or hand delivery:** Address written comments to Knox County Department of Air Quality Management, 140 Dameron Avenue, Knoxville, TN 37917
2. **E-mail:** Submit electronic comments to airquality@knoxcounty.org

For further information please call (865) 215-5900.
