Introductory Section

OFFICE OF COUNTY MAYOR TIM BURCHETT

Department of Finance • 400 Main Street, Suite 630, Knoxville, TN 37902

December 18, 2013

To the Board of Knox County Commissioners and the Citizens of Knox County, Tennessee:

The Comprehensive Annual Financial Report (CAFR) of Knox County, Tennessee (the County) for the fiscal year ended June 30, 2013, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentations, including all disclosures, rests with the County. County management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal control that has been established for that purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the County and its component units. All disclosures necessary to enable the reader to gain an understanding of the County's activities have been included.

The introductory section includes this transmittal letter, the County's organization chart, and a list of principal officials. The financial section includes Management's Discussion & Analysis (MD&A), the basic government-wide and fund financial statements, and notes to the financial statements. The Financial Section also includes Required Supplementary Information and other supplemental information. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The reader is directed to the MD&A for a narrative introduction, overview and analysis of the financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Knox County's MD&A can be found immediately following the report of the independent auditors.

State law requires that the County obtain an annual audit of its books and records. The independent audit performed by Pugh & Company, P. C., Certified Public Accountants, has been obtained to fulfill that requirement. The auditors have issued an unqualified ("clean") opinion on the County's financial statements for the year ended June 30, 2013. The independent auditors' report is located at the front of the financial section of this report. The County is also required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984, as amended, and U.S. Office of Management and Budget's Circular A-133, *Audits of State and Local Governments*. Information related to this single audit, including schedules of federal financial assistance, findings and recommendations, and auditor's reports on the internal control structure and compliance with applicable laws and regulations, is included in a separately issued report.

The financial reporting entity (the government) includes all the funds of the primary government (i.e., the County) as well as its component units. Component units are legally separate entities for which the primary government is financially accountable. Component units are discretely presented in separate columns in the government-wide financial statements to emphasize they are legally separate from the primary government and to differentiate their financial position, results of operations, and cash flows from those of the primary government. The Knox County Board of Education (the Board), Knox County Emergency Communications District (the District), The Development Corporation of Knox County (the Corporation), and the Knox County Railroad Authority (KCRA) are reported as discretely presented component units. The County and its component units provide a full range of services including, but not limited to, the construction and maintenance of highways, streets and infrastructure, public health and welfare, police protection, emergency telephone services, elementary and secondary education, community services, sanitation services, and recreational and cultural events. Because of the close relationship between the County and the Board and the fact that the Board does not issue financial statements separate from those of the County, several of the supplemental schedules and other financial information have been consolidated to more properly reflect the joint activities of the County and the Board.

GOVERNMENTAL STRUCTURE

The County has operated under a County Mayor/County Commission form of government since September 1, 1980, and has been under a Home Rule Charter (Charter) since September 1, 1990. Policymaking and legislative authority are vested in the County Mayor (the executive branch of the County) and the County Commission (the legislative branch of the County). The County Commission is responsible for, among other things, passing ordinances, adopting the budget and appointing committees. The County Mayor, elected at-large for a four-year term, is responsible for carrying out the policies and ordinances of the County Commission, overseeing the day-to-day operations of the government and appointing the heads of many of the County's departments.

OFFICE OF THE COUNTY MAYOR

Knox County Mayor Tim Burchett took office on Sept. 1, 2010, shortly after the start of the 2010-2011 fiscal year. Since taking office, Mayor Burchett continues to focus on providing high-quality, efficient service to our citizens at a savings to taxpayers. Some of the achievements of Mayor Burchett's tenure to date include:

- General Fund balance has increased by \$15.7 million from the beginning of FY 2011 to the FY 2013 end of year.
- Restored 177 hours of operation per week within our public library system with no additional impact on the budget.
- Increased purchasing transparency by implementing first-in-the-state online, searchable databases for E-commerce card and purchase order transactions.
- Ensured more than \$2 million in savings over four years by utilizing public-private partnerships to provide pediatric care, as well as translation services for Knox County Health Department clients.

- Implemented mileage reimbursement at the standard federal rate in lieu of monthly travel allowances, which saved approximately \$78,000 annually.
- Sold unnecessary county vehicles, resulting in thousands of dollars in cost-avoidance savings through reduced maintenance, fuel and liability costs.
- Reduced the mayor's office administrative budget by more than 19 percent.
- Began the process of reducing Knox County's debt obligations by \$20 million annually over five years, for a total projected debt reduction of more than \$100 million.
- Identified a funding mechanism to use one-time dollars to pay for the construction of a new Carter Elementary School, therefore eliminating a potential \$8 million in traditional bond interest payments. The school opened on time for the 2013-2014 school year.
- Sold the Solway greenwaste facility property for \$2 million; prior to the sale, the upkeep on the property cost taxpayers an average of \$245,000 annually.
- Engaged a committee of private sector experts to help advise Mayor Burchett on how to address the growing cost of employee health benefits in an attempt to bring those benefits more in-line with the private market; many of the committee's suggestions were implemented and the changes resulted in projected savings of \$1.7 million.
- Provided, from a combination of revenue increases and sustainable savings, 3 percent employee pay increase, beginning January 1, 2012.
- Supported the Halls and Northeast Knox greenway projects, as well as the Knox-Blount greenway project.
- Moved forward with Clayton Park and Plumb Creek Park projects.
- Constructed and opened the Concord "Pet Safe" Dog Park.
- Restored the stream bank along Beaver Creek at Halls Community Park.
- Made parking improvements at the Knox County Sports Park.
- Saved the building that formerly was used for the Oakwood Elementary School. The condition of the building had deteriorated, and its future was uncertain. The County worked with developers and others in the private sector to make needed upgrades and repairs to the facility, which will be used for senior housing. This will provide for additional services to the community and place the property back on the County tax roll.

Board of County Commissioners and the Citizens of Knox County, Tennessee Page iv

Legislative Initiatives

Impact of State Funding: Knox County, like the other 94 county governments in Tennessee, receives significant support from state-shared revenues -- mainly in the form of education and highway dollars. Because of this dependence, the legislative activities of the Tennessee General Assembly are carefully monitored. Thanks to the continuing leadership of our Governor, the State again passed a responsible, balanced budget. We at the local level are thankful for the fiscal responsibility demonstrated by the state budget. A healthy state budget means more stable and predictable revenues for all cities and counties.

Capital Improvement Initiatives

As evidence of the County's commitment to build the facilities necessary to serve the citizens of Knox County and promote economic development within the County and region, the County Commission adopted the Knox County Capital Improvement Plan. At the recommendation of the County Mayor, the five-year capital plan represents a road map of anticipated major capital projects. It does not represent appropriations and is subject to annual revisions or modifications. These individual projects will be primarily funded through general obligation bonded debt.

During the year, the County and the Board expended significant resources in the following major construction/renovation projects in accordance with the County's Capital Plan:

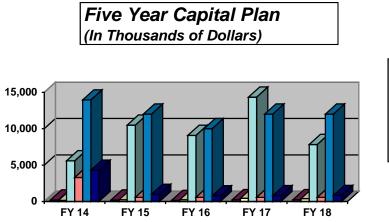

General Construction/Renovation:

General Project Management Various Library Upgrades Carter Elementary School City County Improvements/Developments Many Parks and Greenways Improvements

School Construction/Renovation: Physical Plant Upgrades Energy Management Project Southwest Elementary School Road Construction/Improvements:

Bridge Improvements Various Stormwater Improvements Outlet Mall Drive/Snyder Road General Road Improvements The following summarizes the capital improvement plan net of estimated allocations for project schedule variances (amounts expressed in thousands):

Project Description	FY 13-14	FY 14-15	FY 15-16	FY 16-17	FY 17-18	TOTAL
Libraries	\$ 200	\$ 200	\$ 150	\$ 250	\$ 250	\$ 1,050
	*					
Countywide Projects	3,306	577	577	577	577	5,614

Schools	13,950	12,000	10,000	12 ,000	12,000	59,950
Total – Approved Projects	\$ 27,491	\$ 24,496	\$ 20,836	\$ 28,401	\$ 21,891	\$ 123,115

LOCAL ECONOMIC CONDITION AND OUTLOOK

The County is the third most populous county in the State of Tennessee. Located in Middle Eastern Tennessee at the headwaters of the Tennessee River, it is the hub of the areas of East Tennessee, Southeast Kentucky, Southwest Virginia and Western North Carolina. This area encompasses over two million people. The U.S. Census Bureau's 2011 census demographic population data reported that 436,929 citizens reside within the total land area of approximately 526 square miles that make up Knox County. (See <u>Knoxville-Knox County Metropolitan Planning Commission</u> for additional information regarding population information, demographics, and other information about Knox County.) Knoxville, the County seat, is about 50 miles west of the North Carolina state line.

The City of Knoxville's 2011 census data was reported at 180,761. It is the largest incorporated municipality in the County. Farragut, the only other municipality in the County, has an estimated population of 20,217. Knoxville has a land area of approximately 104 square miles within its corporate limits and is located on the Tennessee River near the geographic center of East Tennessee.

Manufacturing and Commerce

Located in the northeastern portion of the State, Knox County, along with Anderson, Blount, Campbell, Grainger, Loudon, Morgan, Roane and Union counties, is part of the Knoxville Metropolitan Statistical Area (MSA). Because of its central location in the eastern United States, the County metropolitan area serves thousands of industrial and commercial customers in a concentrated eight-state area. It is within 600 miles of approximately 40 percent of the population of the United States. For many years the County has been known as one of the South's leading wholesale markets. Based on 2011 estimates, there were approximately 900 wholesale distribution houses, 1,649 retail establishments, and more than 5,300 service industries located in the County.

The area is the trade center for a 42-county region, located in East Tennessee, Kentucky, Virginia and North Carolina, which serves over two million people. It also is the cultural, tourist, and professional center for this region.

Board of County Commissioners and the Citizens of Knox County, Tennessee Page vii

The MSA includes more than 680 manufacturing firms, which produce a large variety of items including medical devices, electronic components, chemicals, manufactured housing, apparel, and automobile parts.

Business Climate

The County has a history of being a regional leader in economic activity. The County offers premier location opportunities for high-technology and precision manufacturing firms. The University of Tennessee, Tennessee Valley Authority and the Oak Ridge National Laboratory help to provide a stable, secure employment base. The Knoxville area is home to many medium-sized manufacturing and distribution operations as well as customer service centers. The Knoxville area boasts a strong and reliable workforce, and low union membership rates. These assets, combined with an excellent location at the intersections of Interstates 40, 75 and 81, make Knox County a great location for any business. The County is also well served by 125 truck lines, two railroads, six airlines, and three local river terminals that provide direct links to the Great Lakes and to the Gulf of Mexico. The Knoxville area continually receives recognition for high quality of life, combining an attractive natural setting with a moderate four-season climate. In addition, the Knoxville area ranks among the nation's top markets for low cost of living. Knoxville ranks as one of the top southeastern urban areas with an index of 87.4, compared to the average of all participating cities of 100.

Livability

The Knoxville area continually receives recognition for high quality of life, combining an attractive natural setting with a moderate four-season climate. The County has over 6,000 acres of park and recreation space, with approximately 77 miles of greenways and walking trails. The arts and culture are well served, with the Knoxville Symphony, Knoxville Opera Company, Knoxville Museum of Art, and several performing arts organizations, including the Clarence Brown Theater, providing numerous cultural opportunities. Live entertainment includes touring Broadway productions and many concerts at numerous throughout the area, including the historic, beautifully renovated Tennessee and Bijou theaters.

Industrial Investment

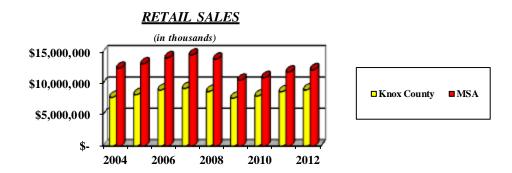

The Knoxville MSA has been recognized nationally as a leading location to live and do business. Commerce and industry vary from the media success of Scripps Television Networks (HGTV, DIY, Food Network, GAC, and Travel), to Sysco Corporation's (largest food service marketer and distributor in North America) regional warehouse and distribution center. In addition, many other local companies are recognized as national and global leaders, including Clayton Homes, Brunswick Corporation, Green Mountain Coffee, Bush Brothers, Pilot/Flying J Travel Centers, and Ruby Tuesday.

The area is also gaining a reputation as a prime location for corporate headquarters. High profile companies headquartered here in the MSA include the Tennessee Valley Authority, Jewelry Television, AC Entertainment, DeRoyal Industries, PetSafe/Radio Systems Corporation, and Regal Entertainment. Knox County has 7 business parks and a Technology Corridor to meet a wide range of corporate facility needs. In 2011, approximately 725 new jobs were created in Knox County among the more than 2,300 jobs created across the metro area.

Board of County Commissioners and the Citizens of Knox County, Tennessee Page viii

Commercial Development

Four regional shopping malls and nearly 200 shopping centers and factory outlets meet the retail needs of Knox County citizens and visitors. Knox County has traditionally been the regional hub of the MSA. 2012 retail sales in the MSA grossed over \$12.1 billion, with approximately 75% of that total generated in Knox County.

National and State Economic Perspective

According to the analysis of the nation's economic outlook reported in *An Economic Report to the Governor of the State of Tennessee* for 2013, published by the University of Tennessee http://cber.bus.utk.edu/erg/erg2013.pdf, 2012 saw several positive indicators of the economic recovery. The unemployment rate fell below 8 percent for the first time since 2009. The housing sector began to rebound in 2012 with the addition of 37,000 jobs, and sales of new homes increased for the first time in seven years. The manufacturing sector also helped the economy, with the addition of around 210,000 jobs in 2012. Looking forward, the domestic economy is expected to continue to improve in 2013, although the expansion is expected to continue at a slower pace than in 2012. Inflation-adjusted GDP is projected to grow 1.7 percent, compared to 2.3 percent growth in 2012. The unemployment rate is expected to remain relatively flat in 2013. Inflation is projected to put downward pressure on consumer spending and overall growth. Although there is more positive than negative news regarding economic growth, significant uncertainty remains regarding the outlook of the economy. In particular, the issue of how to bring the deficit and debt under control remains.

The report also forecasts that the state's economic outlook calls for modest growth in 2013, followed by substantially stronger growth in 2014. For 2012, personal income was up by 3.8 percent. The state's unemployment rate averaged 8 percent in 2012, an improvement over the 9.2 percent rate for 2011. The unemployment rate is expected to fall, averaging 7.9 percent for 2013 and 7.5 percent in 2014. Personal income is also expected to increase 4.3 percent for 2013 and 2014. However, the ongoing debate over the nation's debt ceiling and the issues concerning the sequestration of federal spending have created uncertainty about the state, as well as the federal, economic outlook. In addition, the payroll tax increase that went into effect on January 1 is expected to have a negative effect on taxable sales and resulting sales tax revenues. Taxable sales are expected to increase by 3.4 percent in 2013.

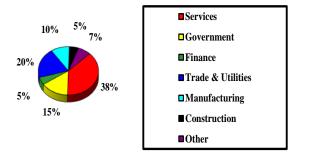

Board of County Commissioners and the Citizens of Knox County, Tennessee Page ix

Tourism

Although industry frequently is considered the core of an economic base, secondary and tertiary activities also make important contributions to economic development. The convention and tourism business contribute to the County's economic base by drawing income into the region, resulting in employment opportunities as well as investment opportunities in tourist-related facilities. The area draws thousands of enthusiasts every year for University of Tennessee sporting events, and minor league hockey and baseball are also available for sports fans. Opportunities for outdoor recreation are plentiful, with parks and recreation activities throughout the County and in the nearby Great Smoky Mountains National Park.

Employment Information

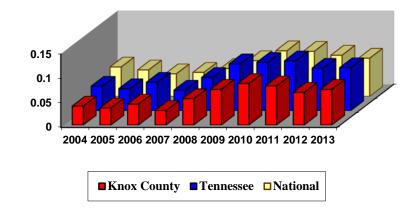

Non-Agricultural Employment

Knox County has demonstrated a very healthy diversity in employment. Services and trade are the two largest employment sectors in the County metropolitan area, followed by Government.

Unemployment Data

Historically, Knox County's unemployment rate has been low relative to the state and national rates. This relationship has held, although rates have increased in this current recession. For the month of June 2013, the seasonally unadjusted unemployment rates for the County, state and nation stood at 7.3%, 8.8% and 7.8%, respectively.

Per Capita Income

In 2011, Knox County's per capita income was \$38,894, the 7th highest in Tennessee. This represents an increase of 4.7 percent compared to 2010. For the MSA, per capita income was \$35,869, a 4.2 percent increase.

FINANCIAL INFORMATION

Mayor Tim Burchett assumed the office of Knox County Mayor on September 1, 2010. The Mayor, during his mayoral campaign and throughout his first term, has expressed that priorities of his administration including keeping taxes low, and reducing the County's bonded debt levels. Therefore, the County has faced the challenge of maintaining essential services during the current difficult economy, while reducing the levels of debt. The approach taken has been based on careful budgeting and management of revenues and expenditures in both the annual budgets and the long-term budget for capital planning.

For the annual budget process, the FY 2013 adopted budget provided for a modest increase (3.6%) in General Fund expenditures. Most of the budgeted increase was for needed additional expenditures for public safety, combined with additional transfers and payments to other funds, primarily for schools. Education funding, provided for in the General Purpose School Fund (the general fund for the Board of Education component unit) has also increased. The increases in budgeted funds for public safety and education reflect the Mayor's commitment to endure that adequate funding is provided for these essential functions. By careful budgeting of expenditures in the overall budget, other essential services to Knox County citizens (road maintenance, parks and recreation, library services, etc.) have been maintained at appropriate levels. Revenues have been estimated conservatively, and actual results exceeded the budget. Much of this was due to local taxes, primarily property taxes, that exceeded originally budgeted estimates.

The planned reduction in the County's bonded debt levels are dependent on both the levels of debt service payments and the amounts of new debt added. Debt service expenditures are provided for in the County's annual budgets, and the amounts of debt retirement have been provided for based on the required upcoming debt service. The amount of new debt to be added is dependent on the amount needed for projects approved in the County's adopted Capital Improvement Plan, which covers the upcoming five-year period. This funding mechanism provides for a matching of debt service expenditures with the useful lives of the assets acquired with the bond proceeds. In order to reduce the overall levels of bonded debt, it has been necessary to reduce the approved projects to be funded from debt proceeds. This reduction is being accomplished. The total bonded debt as of June 30, 2013 of \$631,616,485 is \$37,399,281 less than the prior year total of \$669,015,766. This change resulted from the payments of bonded debt in the current year, combined with the deferral of the issuance of new debt approved based on the FY 2013 Capital Improvement Plan until subsequent to year end. Additional reductions are planned in future years to accomplish the Mayor's stated goal of reducing County bonded debt by over \$100 million over 5 years.

OTHER INFORMATION

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Knox County Government for its comprehensive annual financial report for the fiscal year ended June 30, 2012. This was the seventeenth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our present report continues to meet the program's requirements and we are submitting it to the GFOA to determine eligibility for another certificate.

The County has also received, for the seventeenth consecutive time, the GFOA Award for Distinguished Budget Presentation for its 2013 Annual Operating Budget. In qualifying for the award, the County's budget document was judged to be proficient in several categories including policy documentation, financial planning and organization.

Acknowledgments

The preparation of the CAFR was made possible by the dedicated service of the Department of Finance. Those involved have our sincere appreciation for the individual and collective contributions made in the preparation of the report. Jack Blackburn, Jennifer Bodie, Chris Caldwell, Steve Campbell, Jeff Clark, Dora Compton, Susan Corlew, Patti Galvan-Balzer, Jason Lay, Peter Lin, and Melanie Wilck all went above and beyond the call of duty to design and generate this report. Thank you very much for your professional dedication in this effort. Thank you to the entire Department of Finance for your efforts to "get the job done well," every day. You serve the citizens of Knox County very well.

Recognition and appreciation are also extended to the County Commission and the Board of Education for their continued dedication in planning and conducting the operations of the County and the Board in a financially responsible and progressive manner.

Sincerely,

Tim Burchett Knox County Mayor

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor, County Commissioners of Knox County, Tennessee Knoxville, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, budgetary comparison statement of the general fund, and the aggregate remaining fund information of Knox County, Tennessee (the "County") as of and for the year ended June 30, 2013 and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of The Development Corporation of Knox County ("TDC"), a discretely presented component unit reported in the financial statements of the County. The TDC comprises 2.11% of assets, 5.93% of net position and .13% of revenues. We did not audit the financial statements of the Great Schools Partnership Charitable Trust (the "Partnership"), a discretely presented component unit reported in the financial statements of the Knox County Board of Education (the "BOE"). The Partnership comprises .51% of assets, .46% of net position and .90% of the revenues of the BOE. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the TDC and the Partnership, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

McGladrey Alliance member firms maintain their respective names, autonomy and independence and are responsible for their own client fee arrangements, delivery of services and maintenance of client relationships.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the schedules of funding progress and employer contributions on pages 3 through 19 and 109 through 111 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, supplemental section which includes the combining and individual nonmajor fund financial statements, component unit - Board of Education section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The information included in the supplemental and the Component Unit – Board of Education sections as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the reports of other auditors, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The information included in the introductory and statistical sections as listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued, in a separately bound document, our report dated December 18, 2013, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Pugh & Company, P.C.

Certified Public Accountants Knoxville, Tennessee December 18, 2013

As management of the Knox County Government, we offer readers of the Knox County Government's financial statements this narrative overview and analysis of the financial activities of the Knox County Government for the fiscal year ended June 30, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-xi of this report. All amounts, unless otherwise indicated, are expressed in dollars.

Financial Highlights

- The assets and deferred outflows of resources of the Knox County Primary Government exceeded its liabilities at the close of the most recent fiscal year by \$75,829,260 (net position), which compares to \$63,660,968 (restated) at June 30, 2012. The assets and deferred outflows of resources of the Knox County Government total reporting unit exceeded its liabilities at the close of the most recent fiscal year by \$566,250,628 (net position), which compares to \$539,612,456 (restated) at June 30, 2012. Most of the County's net position balance is consists of its investment in capital assets, which will be used in the County's ongoing operations. Conversely, the unrestricted net position amounts of \$224,399,657 (deficit) and \$97,248,988 (surplus) for the primary government and total reporting unit, respectively, represent amounts that will be needed to meet the government's obligations to citizens and creditors and that will be financed with future tax revenues or amounts already available. This is compared to restated prior year amounts of \$243,646,624 (deficit) and \$105,218,947 (surplus), respectively. (See Note IV (I) "Restatements" for information on prior period adjustments to correct errors in previously reported amounts, and to include a component unit now reported as a result of the adoption of GASB Statement No. 61.)
- Of the Primary Government's \$75,829,260 net position balance, \$290,649,727 was net investment in capital assets (i.e., capital assets, net of related debt), \$503,880 was investment in capital assets, \$110,208 was restricted for debt service, \$1,471,972 was restricted for capital projects, \$2,078,996 was restricted for public health and welfare purposes, \$2,589,888 was restricted for public safety purposes, and \$2,824,246 was restricted for other purposes. The difference of \$224,399,657 (unrestricted net position) is reported as a deficit, a positive change of \$19,246,967 compared to the restated prior year unrestricted net position deficit of \$243,646,624. The reported deficit results from the process by which the County issues debt on behalf of the Knox County Board of Education (the Board). The County issues general obligation debt for the Board, the proceeds of which are used for school projects resulting in Board assets. The Board then makes debt service payments to the County from future budgets. Since the debt is issued in the County's legal name, the debt is reported as a liability of the primary government. The unrestricted net fund balance deficit demonstrates the expectation of the Board to fund its portion of the total debt in future years. As of June 30, 2013, the outstanding balance of debt issued by the County on behalf of the Board totaled \$261,792,375. If these liabilities were excluded from the liabilities reported for the County, the Primary Government would have reported positive net position of \$337,621,635 at June 30, 2013.

- The Primary Government's total net position increased by \$12,168,292, representing 4.2% of the \$289,756,033 expenses of the Primary Government. This compares to the 2012 increase of \$13,837,868, or 5.1% of 2012 expenses totaling \$272,709,195. The increase of expenses from 2012 to 2013 totaled \$17,046,838. The primary reason for the increase in expenses was \$14,910,367 incurred by the primary government for a new elementary school. Positive results in revenues compared to 2012, primarily increases in property taxes and investment revenues, offset the increase in expenses. Overall, therefore, the net position increase in 2013 was comparable to that for 2012.
- As of the close of the current fiscal year, the Knox County Government's governmental • funds reported combined ending fund balances of \$107,904,721, a decrease of \$9,936,491 compared to the restated prior year ending balance of \$117,841,212. Various factors contributed to the decrease. Of the primary government's major funds, the General Fund, Special Revenue Constitutional Officers, and Debt Service funds experienced increases in fund balance for the year. In addition, and nonmajor governmental funds in the aggregate also experienced an increase. The increases of fund balance consisted of \$6,975,057 for the General Fund, \$1,457,390 for the Special Revenue Constitutional Officers Fund, \$2,328,149 for the Debt Service Fund, and \$823,323 for the nonmajor governmental funds in the aggregate. The General Fund had budgeted for the use of fund balance of \$2,250,333; therefore, the fund experienced a positive variance of actual results compared to the original budget of \$15,829,012. These results were achieved due to better-than-expected results from collections of local taxes and realization of certain state shared revenues, combined with the close monitoring and management of expenditures. For the Debt Service Fund, the County planned the use of a portion of fund balance to be applied to operations of the 2013 fiscal year, in accordance with the budget planning associated with the County's long-term Capital Improvement Plan. Budgeted use of fund balance was \$7,627,849, and the actual increase in fund balance was \$2,328,149, resulting in a positive variance of \$9,955,998. This result was attributable primarily to savings achieved due to lower than anticipated interest payments on long-term variable-rate debt. The Constitutional Officers Special Revenue Fund experienced an increase in fund balance for the year, totaling \$1,457,390. This fund is used to account for the receipt for various charges for services, the source from which various expenditures of the offices are made. Remaining amounts after these expenditures, less an amount allowed to be retained in the fund for future use, are transferred to the General Fund. Based on these requirements, the fund experienced an increase in fund balance for 2013. These results are in line with expectations. Of the major funds, only the Capital Projects Public Improvement Fund experienced a decrease in fund balance for the year, in the amount of \$21,520,410. Because the expenditures in this fund relate to projects for which expenditures are incurred over a number of fiscal years, the balance relates to the cumulative effect of sources of funds received, primarily from the issuance of debt, less the amounts expended to date. For the County's governmental funds in the aggregate, fund balances totaled \$107,904,721, of which \$13,011,776 was in a nonspendable form. The remaining "spendable" fund balance was \$94,892,945, of which \$85,817,635 (90%) was available for spending without external restrictions (committed, assigned and unassigned fund balance). This compares to the

restated prior year total of committed, assigned and unassigned governmental fund balances of \$75,852,051 (72% of the total restated "spendable" governmental fund balance of \$105,882,593 at June 30, 2012.)

- In the General Fund, unassigned fund balance, which is available for expenditure at the County's discretion, increased from \$44,259,130 (restated) at June 30, 2012 to \$51,452,742 at June 30, 2013. Unassigned fund balance for the General Fund represented 34% of total General Fund expenditures of \$152,727,690, compared to 30% of last year's expenditures of \$146,135,527. The \$51,452,742 unassigned General Fund balance is greater than the amount that was projected upon adoption of the General Fund budget by \$9,443,945. These measures of fund balance demonstrate the County's continued fiscal discipline and show that the County has resources available to meet unexpected emergencies, temporary cash needs and other uncertainties our County faces in the normal course of everyday operations.
- The Knox County Government's total bonded debt at the end of the year totaled \$631,616,485, a decrease of 5.6 percent compared to the prior year total of \$669,015,766. Of the current year total, \$374,464,500 pertains to County general government activities and \$257,151,985 pertains to the Knox County Board of Education component unit. Bond principal paid in FY 2013 totaled \$37,399,281.
- The County Property Tax Rate remained at \$2.36 for the fiscal year. This is another indication of the County's commitment to fiscal conservatism.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Knox County Government's basic financial statements. The Knox County Government's basic financial statements comprise of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Knox County Government's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the Knox County Government's assets, liabilities, and deferred inflows/outflows of resources with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Knox County Government is either improving or deteriorating. The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Knox County Government that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Knox County Government include general government, public safety, highways and streets, sanitation, economic development, and culture and recreation. Knox County Government reports business-type activities for the operations of the Three Ridges Golf Course enterprise fund.

The government-wide financial statements include the Knox County Government itself (known as the primary government), and legally separate entities for which Knox County Government is financially accountable (component units): the school district – the Board of Education (The Board), a legally separate Emergency Communications District (The District), The Development Corporation (The Corporation), and the Knox County Railroad Authority (The Authority.) Financial information for these component units is reported separately from the financial information presented for the primary government itself. The District and Corporation issue separate financial statements. The Board and the Authority do not issue separate financial statements. The government-wide financial statements can be found on pages 20 and 21 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Knox County Government, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Knox County Government can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements.

However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

The Knox County Government maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheets and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Constitutional Officers Special Revenue Fund, Capital Projects Public Improvement Fund and the Debt Service Fund, all of which are considered to be major funds. Data from the other eight governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Knox County Government adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund for information in the Basic Financial Statements section of the report. For a more detailed demonstration of budgetary compliance, the County also issues a separate Budget Report to the Citizenry, which is available online at <u>http://www.knoxcounty.org/finance/budget.php</u>.

The basic governmental fund financial statements can be found on pages 22-26 of this report.

Proprietary funds. There are two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Knox County Government established an enterprise fund in 2009 to account for the operations of the Three Ridges Golf Course. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Knox County Government's various functions. Knox County Government uses internal service funds to account for its fleet service operations, mailroom operations, employee benefits activities (including retirement), self-insurance activities, building operations, technical support operations, self-insurance healthcare activities, and fleet capital leasing activities. Because these services benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The eight internal service funds are combined into a single, aggregated presentation in the basic proprietary fund financial statements, along with the presentation of the Three Ridges Golf Course enterprise fund. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 27-29 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Knox County Government's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 30 and 31 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32-108 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Knox County Government's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 109-111 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and the individual fund statements are presented on pages 124-151. Combining and individual fund statements for internal service funds can be found on pages 155-173 of this report.

Government-wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. The Total Reporting Unit assets and deferred outflows of resources exceeded liabilities by \$566,250,628 at the close of the most recent fiscal year, which compares to \$539,612,456 (restated) from last year. The Primary Government's Governmental Activities net position totaled \$75,225,857, which compares to last year's restated net position of \$62,810,775.

Knox County, Tennessee Net Position - Primary Government -- Governmental Activities

	June 30,			
	2013			Restated 2012
Current and Other Assets Capital Assets	\$	307,612,295 617,025,295	\$	312,955,352 626,209,262
Total Assets		924,637,590		939,164,614
Deferred Outflows of Resources		19,941,248		32,518,180
Long-term Liabilities Outstanding		641,974,584		684,989,096
Other Liabilities		227,378,397		223,882,923
Total Liabilities		869,352,981		908,872,019
Net Position:				
Invested in Capital Assets		290,649,727		276,642,614
Restricted		9,075,310		30,030,542
Unrestricted (Deficit)		(224,499,180)		(243,862,381)
Total Net Position	\$	75,225,857	\$	62,810,775

By far the largest portion of the Knox County Government's net position reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any outstanding related debt used to acquire those assets. The Knox County Government uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Knox County Government's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

KNOX COUNTY GOVERNMENT'S Net Position

An additional portion of the Knox County Primary Government's governmental activities net position represents resources that are subject to external restriction on how they may be used. These include restricted for Debt Service \$110,208 (last year \$56,175) Capital Projects \$1,471,972 (last year \$22,992,382). Other restrictions include Public Health and Welfare \$2,078,996, Public Safety \$2,589,888, and Other Purposes \$2,824,246 (last year the latter three combined totaled \$6,981,985). The remaining balance of unrestricted net position deficit of \$224,499,180 reflects a positive change of \$19,363,201 compared to the restated prior year unrestricted net position deficit of \$243,862,381. The positive change in net position resulted

\$2,078,996, Public Safety \$2,589,888, and Other Purposes \$2,824,246 (last year the latter three combined totaled \$6,981,985). The remaining balance of unrestricted net position deficit of \$224,499,180 reflects a positive change of \$19,363,201 compared to the restated prior year unrestricted net position deficit of \$243,862,381. The positive change in net position resulted from the realization of certain revenues, primarily local sales taxes and certain intergovernmental revenues received from the State of Tennessee, in amounts greater than expected, combined with overall prudent management of expenses.

The unrestricted net position balance represents funds that would normally be available to be used to meet the government's ongoing obligations to citizens and creditors. The primary reason for the deficit balance of \$224,499,180 as of June 30, 2013 results from the County's recognition of long-term debt issued on behalf of the Knox County Board of Education. Because the Board cannot by law issue its own debt, the County issues debt on behalf of the Board, and pays the proceeds (net of the effects of bond premiums and issuance costs) to the Board. The Board then uses these proceeds for its capital purposes, and records the capital assets on its own Statement of Net Position. Therefore, the assets are shown on the Board's Component Unit financial statements, whereas the related debt is shown on the County's Primary Government financial statements. At June 30, 2013, the amount of bonds issued by the County on behalf of the Board still outstanding was \$257,151,985 (excluding unamortized premium) compared to the prior year amount of \$276,080,806. If this liability were shown with the Board's amounts to match the capital assets, the County would have had positive unrestricted net position of its governmental activities of \$32,652,805 in 2013 and \$32,218,425 in 2012 (which includes the effects of the restatement).

At the end of the current fiscal year, the Knox County Government is able to report positive balances in all three categories of total net position -- for the total reporting unit, for the primary government and for each of its separate component units. The same situation held true for the prior fiscal year. The total reporting unit's net position increased by \$26,638,172 during the current fiscal year, compared to an increase of \$26,310,907 for the prior year. For the total reporting unit, the amount of the increase in net position is attributable to the underlying positive combined change in net position of the primary government and of the Board of Education component unit, totaling \$23,234,946, combined with the change in net position of the nonmajor component units of \$3,403,226 in the aggregate. These results were achieved due to realized revenues that exceeded expectations, combined with the careful management of expenses.

Governmental activities. Governmental activities increased the Knox County Primary Government's net position by \$12,415,082 in 2013. This amount results from the overall realization of certain revenues, primarily property taxes and certain intergovernmental revenues, in amounts higher than expected, coupled with prudent management of expenses.

KNOX COUNTY GOVERNMENT'S Changes in Net Assets

The following table shows the changes in net position for the Primary Government for the fiscal years ended June 30, 2013 and 2012. The totals include both governmental activities and the business-type activities for the Three Ridges Golf Course, an enterprise fund.

	 2013	 2012
Program Revenues:		
Charges for Services	\$ 42,433,321	\$ 43,839,659
Operating Grants and Contributions	14,465,074	13,941,943

Debt Service	26,688,921	28,193,240
Payments to Component Units	 36,004,093	 17,984,904
Total Expenses	 289,756,033	 272,709,195
Change in Net Position	12,168,292	13,837,868
Net Position, July 1, restated	 63,660,968	 49,823,100
Net Position, Year End, restated 2012	\$ 75,829,260	\$ 63,660,968

Knox County Primary Government

Program revenues include charges for services, which consist of various items such as fees for services, licenses, and fines. Charges for services relate to numerous and various government functions. These amounts decreased by \$1,406,338 compared to the prior year. These items represent an aggregation of numerous transactions, and there is not a concentration of revenues in any area. These tend, therefore, to be relatively stable from year to year. Program revenues also include operating grants, which represent primarily grants received from the federal and state governments. These amounts increased by \$523,131 compared to the prior year.

revenues relate to numerous amounts received for various government functions. Both the 2012 and 2013 levels are similar, and in line with expectations based on activities in these functions.

General Revenues include local taxes, payments from component units, and other general revenues. Local taxes increased by approximately \$7.8 million compared to the prior year. The primary reasons for the increase were increased collections of property taxes compared to 2012. The prior year experienced an increase in property tax collections over typical levels, realized primarily as a result of more aggressive collection efforts directed to delinquent taxes. Payments from component units primarily consist of the amounts received for the Board for the portion of debt service related to the debt obligations that the Primary Government incurred on behalf of the Board. Remaining general revenue consists of state shared revenues, investment revenue, and miscellaneous. The increase from 2012 to 2013 in this category from the prior year of \$12.6 million was primarily attributable to increased investment earnings. In 2012, investment earnings were a negative \$5,128,322, and the 2013 corresponding total was \$7,779,556 for a net change of \$12,907,878. The largest component unit of investment revenue in each year related to the change in fair value of an interest rate swap accounted for as an investment derivative instrument. In 2012, the change in fair value was a negative \$7,073,208, whereas the corresponding amount in 2013 was a positive \$5,053,927. Although generally accepted accounting principles require recognition of this amount in the statement of activities, it should be noted that the County intends to hold the interest rate swap until maturity, and therefore the County has not realized any gain or loss in financial assets related to this amount.

Expenses for the Primary Government are categorized into functional areas. Total expenses increased by \$17,046,838 compared to the prior year. This change was directly attributable to the increase in the amounts paid to component units of \$18,019,189. Included in that total was \$14,910,367 expended by the County for construction of a new elementary school, which is operated and maintained by the Board. Therefore, the \$14,910,367 has been accounted for as a payment to the Board in the government-wide financial statements. In addition, the County issued capital debt in the form of a capital lease on behalf of the Board, in the amount of \$13,182,024. As previously noted, the County issues debt on behalf of the Board for capital purposes because the Board may not incur its own debt obligations. Therefore, the net proceeds of such debt issues are paid to the Board, thus resulting in an expense to the Primary Government. Expenses in other categories were comparable to 2012 amounts and in line with expectations.

Financial Analysis of the Government's Funds

As noted earlier, the Knox County Government uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Knox County Government's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Knox County Government's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year and to help ensure future stability of governmental operations.

The categories of fund balance are:

Nonspendable fund balance relates to amounts that cannot be spent because they are in a form that is not expected to be converted to cash (e.g., inventories and prepaid items), as well as the long-term portion of receivables and the County's investment in joint venture.

Restricted fund balance includes amounts restricted for specific purposes by parties outside of the County (e.g., grantors, other governments) or imposed by law through constitutional provisions or enabling legislation.

Committed fund balance includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the County Commission.

Assigned fund balance consists of amounts constrained by the County's intent to be used for specific purposes, but are not restricted or committed.

Unassigned fund balance is the residual balance in the General Fund.

Knox County, Tennessee Primary Government-Governmental Fund Balances

	June 30,						
		2013	Restated 2012				
Nonspendable	\$	13,011,776	\$	11,958,619			
Restricted		9,075,310		30,030,542			
Committed		29,617,875		28,927,722			
Assigned		4,747,018		2,665,199			
Unassigned		51,452,742		44,259,130			
Total Fund Balances	\$	107,904,721	\$	117,841,212			

As of the end of the current fiscal year, the Knox County Government's governmental funds reported combined ending fund balances of \$107,904,721, a decrease of \$9,936,491 in comparison with the restated prior year total of \$117,841,212. The General Fund realized an increase in fund balance of \$6,975,057, primarily as a result of the realization of local tax and intergovernmental revenues in amounts greater than expected, combined with prudent management of expenditures. The major fund that did experience a significant decrease in fund balances was the Capital Projects Public Improvement Fund. Restricted fund balance in that fund decreased from \$22,992,382 at June 30, 2012 to \$1,471,972 at June 30, 2013, for a decrease of \$21,520,410. This occurred as a result of the planned spending down of funds for capital projects.

The General Fund is the chief operating fund of the Knox County Government. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$51,452,742 compared to \$44,259,130 (restated) last year (an increase of \$7,193,612), while total fund balance increased to \$66,265,258 compared to last year's \$59,290,201 (restated). Total fund balance represents 43.4% of actual expenditures compared to 40.6% last year. These amounts indicate that the County maintained the strong relationship between the fund balances and the size of its budget and is continuing to hold steady in its financial stability in spite of challenging economic times.

The total fund balance of the County's General Fund increased by \$6,975,057 during 2013, compared to last year's \$8,756,798 increase. The General Fund's original budget planned for a net use of fund balance for the year of \$2,250,333. The actual unassigned fund balance of \$51,452,742 was \$9,443,945 greater than the original budgeted amount of \$42,008,797. Key factors in the positive outcomes for the General Fund are as follows:

- Revenues exceeded budget in eleven of thirteen categories; total revenues of \$161,309,341 totaled 106.8% of the total budget of \$151,088,020. Local tax revenues, which include property and sales taxes (among others), exceeded the budget by \$4,537,909. Property taxes and business taxes both exceeded the budget, reflecting improvements in the local economy compared to 2012. Because of the recent economic recession, FY 2013 revenues in these areas were budgeted conservatively. Certain State of Tennessee revenue sources exceeded the budgeted amount by \$2,846,934, which also contributed to the General Fund positive outcome.
- The General Fund departments, in their normal conservative pattern, showed their fiscal responsibility by turning back unspent budgeted funds of \$4,897,516 (3.1% of the final amended budget of \$157,625,206) for the fiscal year (compared to last year's results of \$5,127,709, or 3.4% of the budget of \$151,263,236).

The Debt Service Fund has a total fund balance of \$24,601,896, which compares to \$22,273,747 (restated) last year. The majority of the fund balance consists of amounts committed for debt service purposes by County Commission of \$18,766,688, compared to the prior year amount of \$16,492,572 (restated). The net increase in fund balance during the current year was \$2,328,149, compared to an increase of \$720,988 last year. The County had planned for a decrease in the

Debt Service Fund, and had budgeted for \$7,627,849 to be applied to the current year budget. As the current year result of operations was an actual increase in fund balance of \$2,328,149, the fund experienced a positive variance of \$9,955,998 of actual results compared to the original adopted budget. This resulted from the significant savings from conservatively budgeting for its expenses that the County experienced from its variable rate debt, combined with the County's practice of issuing debt as close to the time of the anticipated cash needs as practicable in order to minimize total interest costs. The County plans to continue its conservative financial planning.

The Public Improvement Capital Projects Fund experienced a net decrease in fund balance of \$21,520,410 in 2013, compared to an increase in fund balance of \$8,777,849 in 2012. Fund balance at June 30, 2013 totaled \$1,471,972, compared to the June 30, 2012 balance of \$22,992,382. This change results from the timing of the issuance of bonds for capital purposes compared to the expenditures made therefrom. The County's practice is to issue debt for capital purposes generally on an annual basis, with the intent that debt proceeds be received as close as practicable to the timing of the planned expenditures. This is done to help keep interest charges to the minimum level needed. During FY 2013, the County spent proceeds from debt issued in 2012, reducing the fund balance level during the year as planned.

The Constitutional Officers Special Revenue Fund experienced an increase in the fund balance in the current year of \$1,457,390, resulting in fund balance at June 30, 2013 totaling \$3,657,378 compared to the June 30, 2012 total of \$2,199,988. This fund is used to account for the operations of various County offices that receive fees for providing various services to the public. A portion of these fees are used to pay for certain operating expenses, and the remaining fees are transferred to the County General Fund. Amounts transferred to the General Fund in 2013 totaled \$8,707,849, an increase of \$926,998 from the prior year total of \$7,780,851. These results were in line with expectations.

Proprietary funds. The Knox County Government's proprietary fund statements provide underlying detail information included in the government-wide financial statements.

Unrestricted net position of the Internal Service Funds at the end of the year amounted to \$6,935,081, compared to \$4,980,932 at the end of 2012. The increase of \$1,954,149 was primarily due to self-insurance claims activity. In FY 2012, this fund experienced a decrease in fund net position of \$2,265,059, whereas the FY 2013 result was a decrease of \$146,614, a more normal result for the fund. The Internal Service Funds are used to accumulate and distribute costs as a planning tool, and are expected to break even over the long run. The total change in net position for all Internal Service Funds was a \$2,117,478 increase (3.1% of total charges for services of \$67,769,931), compared to the prior year 2.9% (deficit change in net assets). As the intent of these funds is to "break even," these results are in line with expectations.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget were within the normal course of County business and totaled a net \$5,133,966 increase in the total budgeted

expenditures. Included in the increase were normal carryover appropriations for projects not completed during the previous fiscal year and appropriations for additional expenditures related to numerous additional revenues received for specific purposes during the year that were in addition to the revenues estimated in the original budget.

Actual revenues exceeded budgetary estimates by 6.8%, primarily resulting from the aforementioned additional amounts realized for local taxes and intergovernmental revenues. Actual expenditures were less than budgetary provisions by \$4,897,516. Overall, the General Fund Balance increased by \$6,975,057, which is \$15,829,012 more than the final budgeted decrease of \$8,853,955. The unassigned portion of the County's General Fund Balance increased by \$7,193,612, compared to the originally planned decrease of \$2,250,333. These results reflect management's philosophy of careful and appropriate budgeting of revenues and prudent management of expenses.

Capital Asset and Debt Administration

Capital assets. The Knox County Government Total Reporting Unit reported a total balance of capital assets (net of accumulated depreciation) as of June 30, 2013, of \$1,015,388,348, which compares to the prior year total of \$983,059,429. This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads, highways, and bridges. The net increase in the investment in capital assets for the current fiscal year was \$32,328,919 (3.3 percent), which reflects the capital additions for the year in amounts more than, although approximating, depreciation expense.

Spending for major capital asset additions during the current fiscal year included the following: energy management projects (Board), new Carter Elementary School & completion of Cedar Bluff Primary, County additions/renovations, City/County Building Improvements, various school upgrades, numerous road projects, and various other projects.

The County Primary Government's investment in capital assets for its governmental activities as of June 30, 2013 amounts to \$959,540,918 less accumulated depreciation of \$342,515,623, leaving a net book value of \$617,025,295. The prior year net book value totaled \$626,209,262. Investment in capital assets includes land and land improvements, buildings, equipment, infrastructure, and construction in progress. Infrastructure assets are items that are normally immovable and of value only to the County, such as roads and streets, bridges, sidewalks, lighting systems, and similar items. The net decrease for the year was \$9,183,967. The sale of Hillcrest Nursing Homes, with a net book value at the date of disposal of \$4.6 million, during the year contributed to the overall decrease. The remaining decrease resulted from depreciation expense in excess of additions. This was a planned result, reflecting the County's commitment to reduce borrowing for capital purposes which results in lower amounts of capital asset additions. Although a certain level of long-term borrowing for capital purposes is both necessary and desirable to service the needs of County citizens, the County is committed to reducing its debt level in order to minimize the burden on County taxpayers resulting from additional debt issuances.

Additional information on the Knox County Government's capital assets can be found in Note III.C on pages 56-58 of this report and on pages 196-198.

Long-term debt. At the end of the current fiscal year, the Knox County Government had total bonded debt outstanding of \$631,616,485, compared to \$669,015,766 at the end of 2012. All of the bonded debt was backed by the full faith and credit of the County government. \$257,151,985 of the total is outstanding debt which the government issued on behalf of the Board for school purposes. The remaining \$374,464,500 of the Knox County Government's debt represents bonds issued for general government purposes.

KNOX COUNTY GOVERNMENT'S Bonded Debt Changes during FY 2013:

Dellformand of Dob4.	Primary Government	Deend	Tetal
Rollforward of Debt:	Government	Board	Total
Beginning Balance	\$ 392,934,960	\$ 276,080,806	\$ 669,015,766
Principal Paid Issued Amounts	(18,470,460)	(18,928,821)	(37,399,281)
Ending Amount – Bonds	\$374,464,500	\$257,151,985	\$631,616,485

Knox County's total bonded debt decreased by \$37,399,281 (5.6 percent) during the current fiscal year. The net reduction in bonded debt was planned, as a result of the Mayor's commitment to lower the overall bonded debt levels of the County.

Knox County's debt is rated "AA+" by Standard & Poor's, the highest rating in County history. The County's debt is rated "Aa1" rating by Moody's. These ratings were reaffirmed subsequent to June 30, 2013. This continued confidence from the rating agencies confirms the County's commitment to financial integrity, stability and strength.

State statutes set no limit for the amount of general obligation debt a county may issue. Current bonded debt outstanding for the County Government is \$631,616,485. This translates to approximately \$1,373 per capita. This compares to the FY 2012 per capita amount of \$1,477.

Additional information on the Knox County's long-term debt can be found in the Notes to the Financial Statements of this report on pages 69-80.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Knox County for June 2013 was 7.5%, which is an increase from the final unemployment rate figure of 6.7% percent for June 2012. This compares favorably to the state's average rate of 8.5% percent for June 2013, and 8.1% for June 2012. The national unemployment averages were 7.6% for June 2013 and 8.2% for June 2012. The Knoxville Metropolitan Statistical Area (MSA), which includes Knox County, has the second lowest unemployment rate of any MSA in Tennessee at 7.5, compared to Nashville's lowest rate of 7.0, both for June 2013. This data was taken from the Bureau of Labor Statistics.
- Knox County has been leading the State in economic development and employment for the past several years. While Knox County is currently experiencing the effects of the current global recession, it is well-positioned to weather this economic storm. The current administration is committed to inspire economic activity with investments and jobs.
- The Knoxville leading index has traditionally sustained a positive year-over-year percent change indicating economic activity is at a higher level relative to last year. This year is a time when most areas and jurisdictions are experiencing a contraction in economic activity, and Knox County is not immune to the global recession. Knox County is expected to continue to hold its own in the near term, while the longer term has a much more positive outlook.

These factors were considered in the preparation of Knox County's budgets for the 2013 and 2014 fiscal years.

Requests for Information

This financial report is designed to provide a general overview of the Knox County Government's finances for all those with an interest in the government's finances. The County's CAFR and additional information regarding the County may be located online at: <u>http://www.knoxcounty.org/index.php</u>. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

The sum of the rows that report the net position categories for Net Investment in Capital Assets and Net Position-Unrestricted applicable to the primary government and the component units do not equal the related amounts shown in the Total Reporting Entity column. The difference of \$261,792,375 results because the debt incurred by the Primary Government on behalf of the Board of Education Component Unit reduces the unrestricted net position of the Primary Government, whereas the related assets are reported in the Board Component Unit totals. For the Total Reporting Unit, the \$261,792,375 is deducted from the amount shown for Net Investment in Capital Assets to show the matching of the total assets with the total debt.

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2013

Amounts reported for governmental activities in the statement of net posit	tion are different because:							
Ending Fund Balance - Governmental Funds	\$	107,904,721						
Capital assets used in governmental activities are not financial resource not reported in the funds.		616,697,120						
Other long-term assets, consisting of deferred debt issuance costs (\$4, pension asset (\$5,675,467), are not available to pay for current-period therefore, are deferred in the funds.		9,831,545						
Internal service funds are used by management to charge certain costs employee benefits, insurance, maintenance, and use of equipment) to i The assets and liabilities of the internal service funds are included in g activities in the statement of net assets.		7,263,256						
Long-term liabilities, including bonds payable and related unamortized unamortized amount on refunding, note payable, other post-employme obligation, compensated absences, and accrued interest are not due and current period and therefore are not reported in the funds.								
Bonds Payable Unamortized Bond Premium Unamortized Amount on Refunding Fair Value of Interest Rate Swaps, net Notes Payable Accrued Interest Capital Lease Obligation Other Post-employment Benefit Obligation Compensated Absences	\$ 631,616,485 7,552,564 (3,216,496) 7,012,512 4,640,390 4,099,209 13,182,024 782,362 6,704,085		(672,373,135)					
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts were deferred in the fund financial statements but have been recognized as revenues under the accrual basis. 5,902,35								
Net Position of Governmental Activities	\$	75,225,857

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the year ended June 30, 2013

Amounts reported for governmental activities in the statement of activities are different because:	
Net Change in Fund Balances - Total Governmental Funds	\$ (9,936,491)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$22,686,926) exceeded capital outlays (\$18,001,989) in the current period.	(4,684,937)
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts were recognized as revenues in the statement of activities but were not reported as revenues in the fund financial statements.	5,902,350
Amounts reported as fund revenues that met the criteria for revenue recognition under the full accrual method of accounting in the preceding fiscal year have been excluded from the current year statement of activities.	(6,662,306)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of debt principal is reflected as an expenditure in the governmental funds, whereas the repayment reduces long-term liabilities in the statement of net assets. Debt principal payments (\$37,766,083) exceeded debt proceeds (\$13,182,024) by this amount.	24,584,059
Expenses reported in the statement of activities include amortization of the deferred amount on debt refunding (\$717,115) and amortization of deferred debt issuance costs (\$315,923). In addition, the amortization of bond premium results in reduction of expenses of \$1,530,543. These amounts do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	497,505
The decrease in the liability for accrued interest of \$314,392, plus the increase in the balance of the net pension asset of \$854,414, decreased expenses reported in the statement of activities. In addition, the increase in the balance of the liability for other post-employment benefits increased expenses by \$134,872, and the increase in the compensated absences liability balance of \$828,078 increased expenses by that amount. These amounts do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	205,856
The proceeds from the sale of capital assets are reported as revenue in the governmental funds. However, the cost of the assets sold is removed from the capital assets reported in the statement of net position and offset against the sale proceeds resulting in a gain on sale of capital assets in the statement of activities.	(4,662,359)
The increase in the fair value of an interest rate swap accounted for as an investment derivative instrument in the statement of activities did not provide current resources in governmental funds.	5,053,927
Internal service funds are used by management to charge certain costs (e.g., certain employee benefits, insurance, maintenance, and use of equipment) to individual funds. The net revenue (expense) amounts of the internal service funds are reported with governmental activities.	2,117,478
Change in Net Position of Governmental Activities	\$ 12,415,082

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Knox County (the County), founded in 1792, is a political subdivision of the State of Tennessee. The County operates under a County Mayor – County Commission form of government pursuant to the Knox County Home Rule Charter (the Charter) established under Tennessee Code Annotated, Section 5-1-208, effective September 1, 1990. The County Mayor serves an elected term of four years. The eleven County Commissioners serve four-year terms and are elected by voters within the County. As required by accounting principles generally accepted in the United States of America, these financial statements present the County and its Component Units. The County is considered to be the primary government. Component Units are legally separate entities for which the County is considered to be financially accountable. These Component Units are discretely presented in separate columns in the government-wide financial statements to emphasize they are legally separate from the County.

Discretely Presented Major Component Units - the County

The **Knox County Board of Education** (the Board) consists of nine members elected by voters of the County and one superintendent appointed by members of the Board. The Board is fiscally dependent on the County because the County levies taxes for the Board, issues debt on behalf of the Board and approves the Board's Budget. The Board is responsible for elementary and secondary education within the County's jurisdiction. The Board operates a total of 88 vocational and handicapped centers, primary, intermediate, middle and high schools. The full-time equivalent average daily membership during the 2012 - 2013 school year was 56,811 with a full time equivalent average daily attendance of 53,344. During the previous year, the full time equivalent average daily membership was 56,231 with a full time equivalent average daily attendance of 53,012.

The **Knox County Railroad Authority** (KCRA) was established by Knox County in April 1999, to provide for the continuation of rail service within the County. KCRA is governed by a two-member Board consisting of the County Mayor and a member selected by the County Commission. KCRA is fiscally dependent on the County for approval of all debt issuances.

The **Knox County Emergency Communications District** (the District) is an emergency response agency operating a consolidated public safety answering point service and emergency radio dispatch service for the residents of the County. The District is governed by an eleven-member Board of Directors, of whom the majority are appointed by the County. Debt issuances or lease agreements exceeding five years require County approval. The District has the authority to levy an emergency telephone service charge to be used to fund the emergency telephone service. The County, however, may reduce the levy provided the reduction does not preclude the District from the authorized activities established in the Tennessee Code Annotated.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Reporting Entity (Continued)

Complete financial statements for the District may be obtained at the entity's administrative offices:

Knox County Emergency Communications District 605 Bernard Avenue Knoxville, TN 37921

The **Development Corporation of Knox County** (the Corporation) is a not-for-profit organization organized for the primary purpose of promoting and encouraging community and economic development within the boundaries of Knox County. The Corporation is governed by an eleven-member board: four members appointed by the County, two members appointed by the City of Knoxville, and five members who are citizens of Knox County. For those five citizen members, terms are staggered so that one member's term ends each year. Appointments are made by nomination from the entire Corporation board, and presented to County Commission for approval. Commission may reject a board nomination; however, the Corporation board's nomination becomes effective upon the third nomination event. The County has agreed to provide a portion of the Corporation's funding, and therefore the Corporation has imposed a financial burden on the County.

Complete financial statements for the Corporation may be obtained at the Corporation's administrative office:

The Development Corporation of Knox County 17 Market Square, # 201 Knoxville, TN 37902-1405

The Board and KCRA do not issue separate financial statements from those of the County. Fund financial statements for the Board are, therefore, included in these financial statements. The activities of KCRA are accounted for in a single fund, and the information presented in the government-wide financial statements also constitutes the fund financial statements.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Reporting Entity (Continued)

Discretely Presented Major Component Unit - the Board

The Great Schools Partnership Charitable Trust (the Partnership) was established during the fiscal year ended June 30, 2005. Its purpose is to provide financial and other support to the Knox County Schools by expending funds in furtherance of specific programs and activities conducted by the Board, or by distributions of funds directly to the Board. The Partnership is a legally separate, tax-exempt organization governed by a board consisting of representatives of the Board, Knox County, the City of Knoxville, and various other governmental, educational, and not-for-profit organizations. Although the Board does not control the timing or amount of expenditures made by the Partnership, the majority of the resources, or income therefrom, that the Partnership holds are restricted to the exempt purposes of the Board by the donors. Therefore, the Partnership is considered a component unit of the Board and is discretely presented in the Board's financial statements.

Complete financial statements for the Partnership may be obtained at the Partnership's administrative office:

Great Schools Partnership Charitable Trust 912 South Gay Street L-210 Knoxville, TN 37902

B. Government-wide and Fund Financial Statements

The accompanying financial statements of the County have been prepared in conformity with accounting principles as generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and pension trust fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and employ the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they are "measurable and available". "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The County considers property tax revenues available if they are collected within 60 days after the fiscal year end. All other revenues are considered available if collected within one year after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, as under accrual accounting, except for debt and certain compensated absences which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are considered susceptible to accrual. Sales taxes collected and held by the state at year-end on behalf of the County are also recognized as revenue. Other receipts and taxes become measurable and available when cash is received by the County and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible-to-accrual criteria are met. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Fund Accounting: The accounts of the County are organized, operated and presented on the basis of funds. Funds are independent fiscal and accounting entities with self-balancing sets of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Governmental Funds are used to account for the County's general government activities. The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government except those that are required to be accounted for in another fund. The major revenue sources are property taxes and local option sales tax.

The *Constitutional Officers Fund* accounts for activities associated with the administrative functions of the County's Constitutional Officers. Revenues for this fund consist of user fees collected from the public for services performed by these offices. The major revenue source is fees collected by the elected officials.

The *Public Improvement Fund* accounts for the acquisition of capital assets or construction of major capital projects not being financed by proprietary funds, exclusive of construction activity related to the Americans with Disabilities Act. The major revenue source is proceeds from debt issuances.

The *Debt Service Fund* accounts for the servicing of general long-term debt not being financed by proprietary funds. The major revenue source is property tax collections.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Proprietary funds are used to account for governmental activities that are similar to activities that may be performed by a commercial enterprise.

Enterprise funds account for operations that provide services primarily to the general public on a user charge basis. During the fiscal year ended June 30, 2009, the County commenced the management and operation of the Three Ridges Golf Course. These operations are accounted for as an enterprise fund.

Internal service funds account for operations of the County that provide services to other departments, agencies, other governments, component units, and joint ventures on a cost reimbursement basis.

Activities accounted for in the internal service funds include: (1) provision of gasoline and maintenance services for County vehicles, (2) operation of a central mailroom, (3) payment of retiree medical premiums, employee retirement, life insurance and other payroll related expenses, and unemployment claims, (4) accounting for the payment of workers' compensation and general liability claims, (5) provision of central maintenance for County buildings, (6) providing technical support for electronic data processing functions, (7) providing leased vehicles and equipment to County departments, and (8) accounting for the payment of employee health insurance claims.

Fiduciary funds account for assets held by the County in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the government under the terms of a formal trust agreement. Fiduciary funds include the following:

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The *pension trust funds* are accounted for in essentially the same manner as the proprietary funds, using the same measurement focus and basis of accounting. The pension trust fund accounts for the assets of the County's defined benefit pension plan, defined contribution pension plan, defined contribution medical retirement plan, and the Uniformed Officers Pension Plan. Plan member contributions are recognized in the period when contributions are due and payable in accordance with the terms of the plan. Employer contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Fiduciary funds also include agency funds used to account for the receipt and disbursement of funds held for various third parties. Agency funds include transactions related to (1) local sales taxes collected by the State of Tennessee and remitted to the County for distribution to other municipalities, (2) funds held on behalf of subdivision developers pending completion of road and hydrology requirements, (3) cash held by the County on behalf of several external agencies and County joint ventures, and (4) funds held by various elected officials on behalf of state agencies and/or other funds.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is generally the government's policy to use restricted resources first and then, unrestricted resources as they are needed.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Component Units

The Board of Education uses two major governmental funds (general fund and school construction capital projects), three nonmajor governmental (special revenue) funds, and fiduciary funds (pension trust fund, agency). These fund types use the same measurement focus and basis of accounting as those of the County. KCRA follows the County's governmental funds measurement focus and basis of accounting. The District follows the County's proprietary funds measurement focus and basis of accounting. The Corporation's separately issued financial statements also are accounted for as a proprietary fund. The Partnership's separately issued financial statements are prepared in accordance with the requirements of the Financial Accounting Standards Board (FASB). The financial data included for the Partnership in this Comprehensive Annual Financial Report has been formatted to comply with the classification and display requirements of the Governmental Accounting Standards Board (GASB).

D. Assets, Liabilities and Equity

Deposits and Investments

The cash and cash equivalents of the County and its component units are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

The County maintains a pooled cash system through the Knox County Trustee. The fair value of purchased investments and investment income at fiscal year-end is allocated to major funds based on the total cash position of that fund at fiscal year-end. In accordance with County directive, the majority of interest earned during the year is allocated to the General Fund.

State statutes and local ordinances authorize the County and the Board to invest in certificates of deposit, the State Local Government Investment Pool, U.S. Treasury obligations, U.S. agency issues, corporate bonds, equity funds, short-term bond funds, and guaranteed investment contracts.

The County's and its component units' investments are carried at fair value. Short-term investments, however, are reported at cost, which approximates fair value. Securities traded on a national exchange are valued at the last reported sales price.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (Continued)

Receivables, Payables, and Deferred Revenue

In the County's fund financial reporting, transactions between County funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Transactions between the County and its component units that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from Component Units." All other outstanding balances between the County and its component units are reported as "due to/from Component Units/Primary Government."

In the fund financial statements governmental funds report deferred revenue in connection with receivables for revenues that are not considered available to liquidate liabilities of the current accounting period. Governmental funds also defer recognition of revenues in connection with resources that have been received, but not yet earned. The County accrues additional assets (receivables) for certain nonexchange revenues in governmental funds. As governmental funds are subject to the modified accrual basis of accounting, any additional revenues recognized as receivable before the resources are available have been reported as deferred revenues with no resulting effect on fund equity. Unearned revenue in the government-wide financial statements consists of resources received that have not yet been earned.

All trade receivables are shown net of an allowance for doubtful accounts. Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. In Tennessee, this date is January 1st, and is referred to as the lien date. Revenues from property taxes, however, are recognized in the period for which the taxes are levied, which for the County is October 1st of the ensuing fiscal year. Property tax payments are due by February 28 of the following year. Since the receivable for property taxes is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated amount for uncollectible taxes, is reported as deferred revenue in the fund financial statements and unearned revenue in the government-wide financial statements as of June 30th.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (Continued)

Property taxes receivable are also reported as of June 30th for the taxes that are levied and uncollected during the current fiscal year as well as the previous eight fiscal years. These property taxes receivable are presented on the fund balance sheet with offsetting deferred revenue to reflect amounts not available as of June 30th. Property taxes collected within 60 days of year-end are considered available and are accrued as revenue. Property taxes collected later than 60 days after year-end are not considered available and are accrued and reported as deferred revenue. An allowance for uncollectible taxes is also recorded representing the estimated amount of delinquent taxes receivable that will be filed with the court for collection. Delinquent taxes filed with the court for collection are considered uncollectible and are written off.

Inventories and Prepaid Assets

The County maintains material inventory balances in its proprietary and governmental funds. Inventories in the proprietary funds are stated at the lower of cost or market. Inventories in the governmental funds are stated at cost. Inventories are accounted for under the consumption method. Supplies for resale and the cost of oil and gasoline in the internal service funds use the first-in, first-out (FIFO) flow assumption in determining cost. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets.

The Board values school supplies inventories using the specific identification method. The Board's Central Cafeteria Fund inventories are composed of food supplies. These inventories are stated at cost.

The County's general fund inventory consists of land held for resale. The land is recorded at cost excluding the cost of infrastructure (roads, utilities, etc.).

Derivative Instruments

GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments* (Statement No. 53) requires the County to recognize all its derivative instruments on the Statement of Net Position at fair value.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (Continued)

The County analyzes its derivative instruments into hedging derivative instruments and investment derivative instruments, as defined by Statement No. 53. If a derivative is classified as a hedging derivative instrument, changes in its fair value are deferred on the Statement of Net Position as either deferred inflows or deferred outflows. If the derivative is classified as an investment derivative instrument, changes in its fair value are reported on the Statement of Activities in the period in which they occur. Such changes are included in the County's investment income (loss). See Note III. (H) for more detailed analysis. The County formally assesses the effectiveness of its hedging derivative instruments at each year-end.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of an asset or materially extend asset lives are not capitalized.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Public domain infrastructure includes long-lived assets, primarily roads; system infrastructure includes street lighting and other assets with shorter expected useful lives. Depreciation is computed using the straight-line method generally over the following useful lives:

Assets	Years
Buildings	45
Land Improvements	10 - 20
Public Domain Infrastructure	40
System Infrastructure	25
Vehicles	5
Machinery and Equipment	5 - 20
Intangibles	5 - 10

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (Continued)

It is the County's and the District's policy to capitalize the cost of the rights to externally acquired software as an intangible asset.

Compensated Absences

It is the policy of the County and its component units to permit employees to accumulate, in varying amounts, earned but unused vacation, compensatory time and sick pay benefits. There is no liability recorded for unpaid accumulated sick leave since the County does not have a policy to pay any such amounts upon separation from employment. Vacation and compensatory pay from the County's and the Board's governmental funds are not reported in their respective fund financial statements because it is not expected that such amounts would be liquidated with expendable available financial resources. No expenditure is reported for these amounts. For the County and Component Unit governmental activities, compensated absences liabilities are generally liquidated by the respective general fund. The compensated absences liability and the related change in liability are reported in the government-wide and proprietary fund financial statements of the County and its component units.

Long-Term Obligations

The County and the Board record long-term debt in the government-wide financial statements. Similarly, long-term debt and other obligations financed by the County's proprietary funds and the District are recorded as liabilities in the appropriate funds.

Bond premiums and discounts, as well as deferred amounts on refundings, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable unamortized bond premium or discount and deferred amounts on refundings. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt on the straight-line basis.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (Continued)

Fund Equity

In the governmental fund financial statements, fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. The classifications are as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are (a) not in spendable form, or (b) legally or contractually required to be maintained intact (e.g., endowments.) Fund balance not in spendable form includes items not expected to be converted to cash (e.g., inventories and prepaid items), as well as long-term receivables and the County's investment in joint venture. The County does not have any nonspendable fund balance that is legally or contractually required to be maintained intact.

Restricted fund balance includes amounts that are restricted for specific purposes. These amounts result from constraints placed on the use of resources (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, which for the County is the County Commission. For financial matters such as adopting the budget, establishing tax rates, approving the issuance of debt, and constraining amounts for specific purposes, the Commission utilizes resolutions to effect such actions. Amounts are reported as committed pursuant to resolutions passed by Commission (legislative branch), which have also been approved by the County Mayor (executive branch.)

Assigned fund balance consists of amounts constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The County Mayor is the head of the County executive branch, and the Mayor is the County's chief fiscal officer as set forth in the Knox County Charter. Therefore, assignments may be made upon the authority of the County Mayor or designee.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Equity (Continued)

Unassigned fund balance is the residual balance in the general fund (i.e., fund balance that is not nonspendable, and is not restricted, committed, or assigned.)

Generally, when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, restricted amounts are expended first, and then unrestricted funds are used. Generally, when expenditures are incurred utilizing unrestricted funds, unassigned amounts are expended first, then assigned amounts, then committed amounts.

Net position in government-wide and proprietary fund financial statements are classified as investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by County law.

E. Additional Information

Comparative Data/Reclassifications

Comparative total data for the prior year has been presented in selected sections of the accompanying financial statements to provide an understanding of the changes in the financial position and operations of the County and the Board. Comparative totals have not been included on statements where their inclusion would not provide enhanced understanding of the reporting entity's financial position and operations or would cause the statements to be unduly complex and difficult to understand.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Data

Budget Basis/Authority

Annual budgets, as required by the County Charter and applicable County ordinances, are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds, except the Constitutional Officers Fund and the Capital Projects Funds.

The Constitutional Officers Special Revenue Fund is used to account for the transactions of the fee and commission accounts of the County Trustee, Register of Deeds, County Clerk, Criminal and Fourth Circuit Court Clerk, Circuit and General Sessions Court Clerk, and Clerk and Master. These separately elected officials pay salaries and related expenditures from fees and commissions earned by their offices.

Excess fees and commissions are transferred to other funds. In some instances, all fees and commissions earned are transferred to other funds. Transactions related to the Constitutional Officers Special Revenue Fund are not subject to the budgetary control of the County Commission. Therefore, this fund is presented as an unbudgeted special revenue fund.

The Drug Control Special Revenue Fund was established in the 1998 fiscal year pursuant to an amendment of Tennessee Code Annotated Section 39-17-420, stipulating drug control activities to be reported in a special revenue fund. The budget for this fund is a separately adopted budget proposed by the Sheriff and approved by the County Commission.

The County's Public Improvement Capital Projects Fund, Americans with Disabilities Act (ADA) Construction Capital Projects Fund, and the Board's School Construction Capital Projects Fund each adopt project-length budgets for major construction projects rather than annual budgets for these projects. The Board adopts annual budget amounts for certain expenditures within the School Construction Capital Projects Fund.

Budgets for portions of the County's State and Federal Grants Fund and all of the Board's School Projects and School Federal Projects Funds are generally adopted at the time the grant or program has been approved by the grantor, so the Commission can fulfill any requirement to appropriate local matching funds at the time of adoption.

With the exception of project length budgets and grants, all appropriations lapse at fiscal year-end.

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Data (Continued)

Budgetary Process

On or before April 15, heads of all County departments and agencies submit requests for appropriations to the County Department of Finance. The Board prepares a comprehensive budgetary request that is also sent to the Department of Finance. This budget has been approved by the members of the Board of Education and is sent to the County for adoption.

The Department of Finance in conjunction with the Office of the County Mayor compiles the requests, negotiates with the various departments and submits a comprehensive budget to the County Commission. By July 1, the final County and Board budget is adopted by County Commissioners.

The appropriated County budget is prepared at the fund, department, and major category level. For the County, the legal level of budgetary control, that is, the level at which management cannot overspend funds without a budget amendment approved by the County Commission, is the major category level within departments. The major categories are Personal Services, Employee Benefits, Contracted Services, Supplies and Materials, Other Charges, Debt Service and Capital Outlay.

The budget adopted by the County for the Board is recommended by the County Mayor and adopted in total. The County does not exercise control over the Board at the department or major category level. After the budget for the Board is approved, the Board of Education may modify it within the total appropriation granted by the County Commission.

The budget and actual schedules included herein are not intended to demonstrate compliance at the legal level of budgetary control. Such statements and schedules are included in the County's separately issued *Budget Report to Citizenry*. Copies of the report may be obtained from the Knox County Department of Finance or online at: <u>http://www.knoxcounty.org/finance/budget.php</u>.

Knox County Department of Finance Room 630 City County Building 400 Main Avenue Knoxville, TN 37902

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Data (Continued)

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrances outstanding at year-end are included in the balances of assigned, committed, or restricted fund balance based on the purposes for which the resources that will be used to liquidate the encumbrances have been classified. Encumbrances do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. Outstanding encumbrances are reappropriated in the subsequent year.

Supplemental Appropriations

The following schedule shows the annual budget originally adopted for the County and the Board, and the revisions to that budget as authorized by the County Commission, for the year ended June 30, 2013:

Fund		Original Budget	 Revisions	Revised Budget		
Governmental Funds:						
General Fund	\$	155,881,559	\$ 12,426,149	\$	168,307,708	
Special Revenue Funds:						
State and Federal Grants		151,795	2,389,152		2,540,947	
Governmental Library		109,000	40,000		149,000	
Public Library		12,558,482	55,470		12,613,952	
Solid Waste		4,015,215	51,647		4,066,862	
Hotel/Motel Tax		5,670,000	-		5,670,000	
Drug Control		644,200	178,648		822,848	
Engineering & Public Works		11,403,000	 1,138,410		12,541,410	
Total Special Revenue Funds		34,551,692	 3,853,327		38,405,019	
Debt Service Fund		74,250,000	 		74,250,000	
Total - Governmental Funds	\$	264,683,251	\$ 16,279,476	\$	280,962,727	

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Data (Continued)

Fund	 Original Budget	 Revisions	Revised Budget		
Component Unit - the Board:					
General Fund: General Purpose School	\$ 401,710,000	\$ 23,687,658	\$	425,397,658	
Special Revenue Funds: Central Cafeteria	 25,992,842	 1,350,000		27,342,842	
Capital Projects Fund: School Construction	 20,500,000	 <u> </u>		20,500,000	
Total - the Board	\$ 448,202,842	\$ 25,037,658	\$	473,240,500	

Remaining supplemental appropriations primarily represent funds designated during the previous fiscal year, encumbrances outstanding at June 30, 2013, and grant awards appropriated at the time the award is received.

A local ordinance requires a two-thirds approval of the County Commission before reducing any County fund balance below an amount equal to five percent of the total amount budgeted in the fund. State law stipulates that the Board's General Purpose School Fund balance in excess of three percent of the budgeted annual operating expenses for the current fiscal year may be budgeted and expended for nonrecurring purposes but shall not be used for recurring annual operating expenses.

NOTE III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

The County, the Board and the District maintain a cash and investment pool through the County Trustee's office. The County Trustee is the treasurer of the County and in this capacity is responsible for receiving, disbursing, depositing and investing most funds. The carrying amount of balances approximates bank balances.

The Trustee of Knox County utilizes a negotiated sweep agreement for a portion of funds held by the Trustee. These funds are invested each night in various instruments, but under the County's policy these funds are classified as Cash and Cash Equivalents.

Other investments are held in the State of Tennessee's Local Government Investment Pool ("LGIP") and are not subject to categorization. Fair value of investments held in the LGIP approximates carrying value.

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's governmental activities investments are managed by an investment board, whose objectives are to maximize earnings while reducing the exposure to interest rate risks to a low level by utilizing a mixture of short and long-term maturity investments, primarily in investments in U.S. Government Securities and securities issued by agencies of the U.S. Government. The County's and Board's Pension Trust fund activities are managed by the Knox County Retirement Board, whose objectives are to maximize earnings while reducing the exposure to interest rate risks to an appropriate level by using a mixture of long-term and short-term investments in various debt and equity securities. The investments of the County's defined benefit plan and the Board's defined benefit plan are included in a single trust account. The following represents the County's governmental activities investments and the activities of the County's and the Board's Pension Trust funds:

A. Deposits and Investments (Continued)

	Primary Government, Governmen Activities			Fiduciary Activities, Primary Government and Board			
		Fair Value or Carrying Amount	Weighted Average Maturity (Years)		Fair Value or Carrying Amount	Weighted Average Maturity (Years)	
Cash Equivalents Classified as Investments	\$	6,181,406		\$	5,989,460		
Common Collective Trusts	\$	-		\$	30,927,307		
Guaranteed Investment Contracts	\$	-		\$	27,297,381		
Mutual Funds	\$	-		\$	406,484,263		
Fixed Income Securities:							
U.S. Treasuries	\$	3,356,998	0.828	\$	9,483,919	9.953	
Federal Agency Mortgage Backed Securities		-			10,445,369	20.450	
Federal Agency Debt Securities		14,978,672	0.828		6,410,580	4.087	
Corporate Bonds		-			2,449,642	8.894	
Municipal Bonds		19,777,814	1.120		-		
Total Fixed Income Securities	\$	38,113,484	0.980	\$	28,789,510	12.276	

Custodial credit risk

The County's policies limit deposits and investments to those instruments allowed by applicable state laws. Tennessee State Law requires financial institutions to secure a local government's deposits by pledging governmental securities as collateral. The market value of pledged securities must equal at least 105% of the average daily balance of deposits. Alternatively, financial institutions that hold public deposits may participate in the State's collateral pool.

A portion of the County's, the Board's and the District's deposits at June 30, 2013 were covered by the bank collateral pool administered by the Treasurer of the State of Tennessee (the State). Banks participating in the pool report the aggregate balance of their public fund accounts to the State. Collateral to secure these deposits must equal between 90 - 115 percent of the average daily balance of public deposits held and must be pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in aggregate rather than against each individual account. The members of the pool may be required to pay an assessment to cover any deficiency.

A. Deposits and Investments (Continued)

Credit risk

The County's policies are designed to maximize investment earnings, while protecting the security of principal and providing adequate liquidity, in accordance with all applicable laws. The County's and Board's Pension Trust funds are managed with long-term objectives that include maximizing total investment earnings. State statutes and County policies allow the Pension Trust funds a broader range of investments than those available to the governmental activities. The credit risk of the investments of the County's governmental activities and the County's and Board's Pension Trust funds investments in fixed-income securities is as follows:

	Primary Gover Governmental A		Fiduciary Activities, Primary Government and Board			
	Fair	S&P/Moody's		Fair	S&P/Moody's	
	 Value	Ratings		Value	Ratings	
U.S. Treasuries	\$ 3,356,998	Aaa	\$	9,483,919	Aaa

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

The County's governmental activities investments and the County's and the Board's pension trust investments have no investments in any single issuer of fixed income securities that represent 5 percent or more of plan investments.

B. Receivables

Receivables for the County's individual major funds and nonmajor governmental, internal service, and fiduciary funds in the aggregate, as of year-end, including allowances for uncollectible accounts are:

Primary Government		~										
	 Major	Go	vernmental Fu									
					Capital						TT (1

The General Fund has the following note receivable at June 30, 2013:

(1) A note receivable from the Knoxville-Knox County Community Action Committee (CAC) with an initial balance of \$2,300,000 was originated during the fiscal year ended June 30, 2004. The note resulted from an arrangement between the County and CAC whereby certain proceeds from debt issued by the County were used to construct a facility on CAC's behalf. CAC agreed to reimburse the County by repaying the annual amounts of the County's related debt service requirements. The resulting note receivable is due in varying principal installments, plus interest, through 2022. As of June 30, 2013, \$1,274,000 remained outstanding.

The County's Debt Service Fund has the following notes receivable at June 30, 2013:

(1) Notes receivable from the Knox-Chapman Utility District (KCUD) and the West Knox Utility District of Knox County (WKUD) have current balances of \$1,455,000 and \$1,770,000, respectively. The basis of these notes is an agreement made by the County to participate with the utility districts to expedite utility relocation and upgrading necessary for construction of improved roadways within the northwest portion of the County. Each district was advanced up to \$2,000,000, which was disbursed by the County in installments upon receipt of draw notices. The advances are non-interest bearing and are individually payable in four varying installments every five years based on the completion dates of the respective projects. The amount to be repaid also includes \$140,000, recognized as revenue when received, that each district must pay to cover the County's administrative, accounting and financial costs associated with the agreements.

B. Receivables (Continued)

(2) A loan receivable from the Industrial Development Board of Blount County was made for the purpose of providing financial assistance to the Board for the acquisition and development of property as a business and industrial park. The loan bears interest at 5% annually and is to be repaid from amounts to be received by the Board from land sales and other revenues related to the park. At June 30, 2013, the loan balance was \$6,020,000.

The State and Federal Grants Special Revenue Fund had \$2,987,965 of notes receivable at June 30, 2013. These note agreements are from eligible County citizens participating in various state and federal low-income housing projects. These notes are executed with a range of below market interest rates and varying repayment terms.

Advances to Other Government

During the fiscal year ended June 30, 2006, the County advanced \$2,500,000 to the Knoxville-Knox County Community Action Committee (CAC). An additional advance during the fiscal year ended June 30, 2009 for \$3,500,000 was made to CAC from Knox County. These advances were made to provide funding for operations and are to be repaid from grant monies and other funding received by CAC. During the fiscal year ended June 30, 2011, CAC paid the County \$3,500,000 towards the advances leaving a balance due to the County of \$2,500,000. CAC made no payments during the fiscal years ended 2012 and 2013.

C. Capital Assets

Activity in the County's and the Component Unit's capital assets for the fiscal year ended June 30, 2013, was the following:

Primary Government

	Beginning Balance	Increases	Decreases	Ending Balance

G. Leases

Capital Lease

The Primary Government leases various equipment through a capital leasing arrangement. The Primary Government's capital lease obligation is reflected as a liability in the Statement of Net Position.

The future minimum lease obligations are as follows:

Year Ending June 30, Primary Governm		ry Government
2014	\$	1,043,045
2015		1,030,955
2016		1,030,955
2017		1,030,955
2018		1,030,955
2019-2023		5,154,776
2024-2028		5,154,776
Total Minimum Lease Payments	\$	15,476,417
Less: Amounts Representing Interest		(2,294,393)
Present Value of Minimum Lease Payments	\$	13,182,024

Capital lease obligations currently outstanding for the Primary Government are as follows:

		Last			
Lessor	Purpose	Interest Rate	Maturity Date		Principal Balance
SunTrust Bank	Energy Management Equipment	2.19%	2/1/2028	\$	13,182,024

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-Term Liabilities

Loan Payable

In November 2011, the County entered into a loan agreement whereby the County borrowed funds for Knox County Board of Education capital purposes. The original proceeds of \$5 million, plus \$7,192 accrued interest added to principal, are payable in monthly payments including interest at .75% through July 1, 2024. Debt service requirements to maturity are as follows:

Fiscal Year						
Ending June 30,	Principal]	Interest	Total		
2014	\$ 403,034	\$	33,418	\$	436,452

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-Term Liabilities (Continued)

General Obligation and Public Improvement Bonds

The County issues general obligation and public improvement bonds to provide funds for the acquisition and construction of major capital facilities. Except for the County's General Obligation Series 2007 (Taxable) pension obligation bonds issued pursuant to the establishment of the Uniformed Officers Pension Plan, all County bonded debt was issued for capital purposes.

For financial reporting purposes, the portion of those bond issues related to the Board are recorded directly as bond proceeds in the Board's Capital Projects Fund. The County issues all the debt on behalf of the Board, in the County's name and with a full faith and credit pledge from the County. Therefore, from a legal perspective, the debt is County debt. In practice, the County's Five-Year Capital Plan, its Debt Service Fund and its Operating Budget are all developed with the Board providing funds from its operations to make the debt payments related to County debt issued on behalf of the Board. However, as all bonded indebtedness is County debt, the entire balance is recorded as a liability of the primary government in the government-wide financial statements.

As all bonded indebtedness is County debt, the portion issued on behalf of the Board is not considered capital-related debt in the primary government's statement of net assets. However, the total amount of the County's bonded indebtedness is considered capital-related in the total reporting entity column of the statement of net assets.

Bond indebtedness for the County is backed by the full faith and credit of the County.

Bonds payable to be repaid from resources of the County and the Board currently outstanding are as follows:

June 30, 2013

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-Term Liabilities (Continued)

Subsequent Event – Debt Issuance

In September 2013, the County issued \$39,075,000 in general obligation bonds. The bonds were issued to fund the cost of various capital projects as approved in the County's Capital Improvement Plan. The bonds bear interest at rates from 2.0% to 4.35% and mature in varying amounts through 2035.

Interest Rate Swaps

Series C-1-A

Under its loan agreement, the Public Building Authority of Blount County, TN (the "Authority"), at the request of the County, has entered into an interest rate swap agreement for all of the outstanding Local Government Improvement Bonds, Series C-1-A.

Objective of the interest rate swap. In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the County requested the Authority, on its behalf, to enter into an interest rate swap in connection with its \$72 million Series C-1-A variable-rate bonds. The intention of the swap was to effectively change the County's variable interest rate on the bonds to a synthetic fixed rate. The swap agreement has been determined to be an effective hedge, and is therefore accounted for as a hedging derivative instrument. The fair value of the hedging derivative instrument is reported in the Statement of Net Position as a long-term obligation. Accumulated changes in fair values are reported as deferred outflows in the Statement of Net Position.

H. Long-Term Liabilities (Continued)

Terms. Under the swap, the Authority pays the counterparty a fixed payment of 3.95 percent and receives a variable payment computed as 63.2 percent of the five-year London Interbank Offered Rate (LIBOR). The swap has a notional amount of \$72 million and the associated variable-rate bond has a \$72 million principal amount. The interest rate swap agreement is based on the same amortization schedule as the outstanding principal of the Series C-1-A Bonds. The bonds' variable-rates have historically approximated the Securities Industry and Financial Markets Association IndexTM (the "SIFMA"). The bonds and the related swap agreement mature on June 1, 2029. As of June 30, 2013, rates were as follows:

	Terms	Rates
Interest rate swap:		
Fixed payment by Authority	Fixed	3.95%
Variable payment to Authority	% of LIBOR	-1.01%
Net interest rate swap payments		2.94%
Variable-rate bond coupon payments		0.07%
Synthetic interest rate on bonds		3.01%

Fair value. As of June 30, 2013, the swap had a negative fair value of (\$8,392,069), a change of \$5,190,962 compared to the June 30, 2012 balance of (\$13,583,031). The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate bond, creating lower synthetic rates. Because the rates on the government's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows at their present value.

Credit risk. As of June 30, 2013, the County was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the County would be exposed to credit risk in the amount of the swap's fair value. The swap counterparty, Morgan Keegan Financial Products ("MKFP") was rated "A+" by Standard and Poor's as of June 30, 2013, with its Credit Support Provider, Deutsche Bank, rated A2/A+/A+ by Moody's, Standard & Poor's and Fitch, respectively.

Basis risk. As noted above, the swap exposes the County to basis risk should the rate on the bonds increase to above 63.2% of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the rate on the bonds to be below 63.2% of LIBOR, then the synthetic rate on the bonds will decrease.

H. Long-Term Liabilities (Continued)

Termination risk. The derivative contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an "additional termination provision." The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable-rate bond would no longer carry a synthetic interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value. Likewise, if the swap has a positive fair value.

Swap payments and associated debt. As of June 30, 2013, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

	Variable Rate Bonds													
Fiscal Year Net Interest Rate														
Ending June 30	Principal	Interest	Swap Payment	Total										
2014	\$ 2,325,000	\$ 42,350	\$ 1,779,378	\$ 4,146,728										
2015	2,475,000	40,723	1,710,997	4,226,720										
2016	2,625,000	2,625,000	38,990	1,638,204	4,302,194									
2017	2,775,000	37,153	1,560,999	4,373,152										
2018	2,950,000	35,210	1,479,383	4,464,593										
2019-2023	17,675,000	142,485	5,986,650	23,804,135										
2024-2028	23,950,000	72,345	3,039,648	27,061,993										
2029	5,725,000	4,008	168,379	5,897,387										
	\$ 60,500,000	\$ 413,264	\$ 17,363,638	\$ 78,276,902										

Series VI-A-1

Under its loan agreement, the Public Building Authority of Sevier County, TN (the "Authority"), at the request of the County, has entered into an interest rate swap agreement for all of the outstanding Local Government Improvement Bonds, Series VI-A-1.

H. Long-Term Liabilities (Continued)

Objective of the interest rate swap. In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the County requested the Authority, on its behalf, to enter into an interest rate swap in connection with its \$70 million Series VI-A-1 variable-rate bonds. The intention of the swap was to effectively change the County's variable interest rate on the bonds to a synthetic fixed rate. The swap agreement has been determined to be an ineffective hedge, and is therefore accounted for as an investment derivative instrument. The fair value of the investment derivative instrument is reported in the Statement of Net Position as a long-term obligation. Changes in the fair value of the derivative instrument are reported within the investment revenue classifications in the Statement of Activities.

Terms. Under the swap, the Authority pays a fixed payment of 3.395 percent and receives a variable payment computed as 59 percent of the five-year London Interbank Offered Rate (LIBOR). The swap has a notional amount of \$70 million and the associated variable-rate bond has a \$70 million original principal amount. The interest rate swap agreement is based on the same amortization schedule as the outstanding principal of the Series VI-A-1 Bonds. The bonds' variable-rates have historically approximated the Securities Industry and Financial Markets Association IndexTM (the "SIFMA"). The bonds and the related swap agreement mature on June 1, 2029. As of June 30, 2013, rates were as follows:

	Terms	Rates
Interest rate swap:		
Fixed payment by Authority	Fixed	3.40%
Variable payment to Authority	% of LIBOR	-0.94%
Net interest rate swap payments		2.46%
Variable-rate bond coupon payments		0.07%
Synthetic interest rate on bonds		2.53%

Fair value. As of June 30, 2013, the swap had a negative fair value of (\$7,012,512), a change of \$5,053,927 compared to the June 30, 2012 balance of (\$12,066,439). The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate bond, creating lower synthetic rates. Because the rates on the government's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows at their present value.

H. Long-Term Liabilities (Continued)

Credit risk. As of June 30, 2013, the County was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the County would be exposed to credit risk in the amount of the swap's fair value. The swap counterparty, Morgan Keegan Financial Products ("MKFP") was rated "A+" by Standard and Poor's as of June 30, 2013, with its Credit Support Provider, Deutsche Bank, rated A2/A+/A+ by Moody's, Standard & Poor's and Fitch, respectively.

Basis risk. As noted above, the swap exposes the County to basis risk should the rate on the bonds increase to above 59% of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the rate on the bonds to be below 59% of LIBOR, then the synthetic rate on the bonds will decrease.

Termination risk. The derivative contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an "additional termination provision." The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable-rate bond would no longer carry a synthetic fixed interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value. Likewise, if the swap has a positive fair value at termination, the counterparty would be liable to the Authority for a payment equal to the swap's fair value.

Swap payments and associated debt. As of June 30, 2013, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

	Variable Rate Bonds												
Fiscal Year Net Interest Rate

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-Term Liabilities (Continued)

Series D-3-A

Under its loan agreement, the Public Building Authority of Blount County, TN (the "Authority"), at the request of the County, has entered into an interest rate swap agreement for all of the outstanding Local Government Improvement Bonds, Series D-3-A.

Objective of the interest rate swap. In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the County requested the Authority, on its behalf, to enter into an interest rate swap in connection with its \$77 million Series D-3-A variable-rate bonds. The intention of the swap was to effectively change the County's variable interest rate on the bonds to a synthetic fixed rate. The swap agreement has been determined to be an effective hedge, and is therefore accounted for as a hedging derivative instrument. The fair value of the hedging derivative instrument is reported in the Statement of Net Position as a long-term obligation. Accumulated changes in fair values are reported as deferred outflows in the Statement of Net Position.

Terms. Under the swap, the Authority pays the counterparty a fixed payment of 3.89 percent and receives a variable payment computed as 63.2 percent of the five-year London Interbank Offered Rate (LIBOR). The swap has a notional amount of \$77 million and the associated variable-rate bond has a \$77 million principal amount. The interest rate swap agreement is based on the same amortization schedule as the outstanding principal of the Series D-3-A Bonds. The bonds' variable-rates have historically approximated the Securities Industry and Financial Markets Association Index (the "SIFMA"). The bonds and the related swap agreement mature on June 1, 2034. As of June 30, 2013, rates were as follows:

	Terms	Rates
Interest rate swap:		
Fixed payment by Authority	Fixed	3.89%
Variable payment to Authority	% of LIBOR	-1.00%
Net interest rate swap payments		2.89%
Variable-rate bond coupon payments		0.69%
Synthetic interest rate on bonds		3.58%

H. Long-Term Liabilities (Continued)

Fair value. As of June 30, 2013, the swap had a negative fair value of (\$11,549,179), a change of \$7,385,970 compared to the June 30, 2012 balance of (\$18,935,149). The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate bond, creating lower synthetic rates. Because the rates on the government's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows at their present value.

Credit risk. As of June 30, 2013, the County was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the County would be exposed to credit risk in the amount of the swap's fair value. The swap counterparty, Morgan Keegan Financial Products ("MKFP") was rated "A+" by Standard and Poor's as of June 30, 2013, with its Credit Support Provider, Deutsche Bank, rated A2/A+/A+ by Moody's, Standard & Poor's and Fitch, respectively.

Basis risk. As noted above, the swap exposes the County to basis risk should the rate on the bonds increase to above 63.2 percent of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the rate on the bonds to be below 63.2 percent of LIBOR, then the synthetic rate on the bonds will decrease.

Termination risk. The derivative contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an "additional termination provision." The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable-rate bond would no longer carry a synthetic interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value. Likewise, if the swap has a positive fair value at termination, the counterparty would be liable to the Authority for a payment equal to the swap's fair value.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Long-Term Liabilities (Continued)

Swap payments and associated debt. As of June 30, 2013, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

	Variable Rate Bonds

The School Construction Capital Projects Fund had a deficit balance of \$720,127 at June 30, 2013. This deficit balance was caused by the timing of the recognition of various expenditures prior to the end of the year. Expenditures for this fund are funded primarily by debt proceeds. Subsequent to year end, in September 2013, the County issued \$39,075,000 in general obligation bonds, of which \$18,110,000 was allocated to the School Construction Fund. This source of funds eliminated the 6/30/2013 fund deficit.

J. Property Taxes

Property taxes levied by the County Commission are the primary source of revenue for the County and the Board. Assessed values are established by the State of Tennessee at the following rates of assumed market value:

Personal Property	30 %
Railroads, Industrial and Commercial Property	40 %
Public Utility	55 %
Residential and Farm Real Property	25 %

KNOX COUNTY, TENNESSEE Notes to Financial Statements June 30, 2013

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

J. Property Taxes (Continued)

Taxes were levied at a rate of \$2.36 per \$100 of assessed values. Tax collections of \$240,734,414 for fiscal year 2013 were approximately 97 percent of the total tax levy.

The 2013 fiscal year property tax rate of \$2.36 was divided between the County and the Board as follows:

	A	mount	Total
Primary Government:			
General Fund	\$	0.97	41.10%
Debt Service Fund		0.31	13.14%
Total - Primary Government		1.28	54.24%
Component Unit - the Board:			
General Fund - General			
Purpose School Fund		1.08	45.76%
Total Tax Levy	\$	2.36	100.00%

The 2014 fiscal year property tax rate of \$2.32 is divided as follows:

	Δ	mount	Percent of Total
Primary Government:		litount	Totur
General Fund	\$	0.96	41.38%
Debt Service Fund		0.30	12.93%
Total - Primary Government		1.26	54.31%
<u>Component Unit - the Board:</u> General Fund - General			
		1.07	15 (00)
Purpose School Fund		1.06	45.69%
Total Tax Levy	\$	2.32	100.00%

NOTE IV. OTHER INFORMATION

A. Joint Ventures

The County is a participant in a joint venture with the City of Knoxville and the Knoxville Utilities Board in the operation of the Geographic Information Systems. The Geographic Information Systems was established to create and maintain a digitized mapping system of Knox County. Each of the participants appoints one of the three board members who oversee the operations. In March 1987, the County issued public improvement bonds, which included \$5,500,000 used to install the geographic information system. In accordance with the terms of the joint venture agreement, payments are shared between the County, the City of Knoxville and the Knoxville Utilities Board. In the 2013 fiscal year, the joint venture received 92 percent of its revenues from the participants in the joint venture. The Geographic Information Systems charged the County \$314,657 for the year ended June 30, 2013. The County does not retain an equity interest in the joint venture. Complete separate financial statements for the Geographic Information Systems may be obtained at 606 Main Street, Suite 150, Main Place, Knoxville, TN 37902.

The County is a participant in a joint venture with the City of Knoxville in the operation of the Public Building Authority of the County of Knox and the City of Knoxville, Tennessee (PBA). The Authority was created to purchase, construct, refurbish, maintain and operate certain public building complexes to house the governments of the County and the City of Knoxville. The County appoints six of an eleven-member board of directors, which oversee the operations of PBA. The fact that the County appoints a majority of the board is negated by the participants' agreements calling for joint control of PBA. The County retains an equity interest in the joint venture. Complete separate financial statements for PBA may be obtained at Room M-22, City County Building, 400 Main Street, Knoxville, TN 37902.

B. Related Organizations

The County is responsible for all of the board appointments of the Knox County Industrial Development Board. However, the County has no further accountability for the organization.

The County is responsible for a minority of the board appointments for the Knoxville-Knox County Community Action Committee. During the year ended June 30, 2013, the County appropriated operating subsidies of \$1,339,919 to the Community Action Committee.

In FY 2013, the County and the Hall of Fame Management, Inc., dba the Women's Basketball Hall of Fame (the Hall) were parties to a contract for the operations management of the Women's Basketball Hall of Fame. The County paid the Hall a management fee. Pursuant to that contract, the Hall managed the day-to-day operations and events at the facility, collected revenues for the County, and paid the operating expenses from these revenues. All revenues collected by the Hall were the property of the County and held by the Hall in trust as public funds and applied to pay operating expenses in accordance with the budget. To the extent revenues were insufficient, the Hall was to pay operating expenses out of its management fee.

In 2013, the County and the Knoxville Convention & Visitors Bureau, Inc., dba "Visit Knoxville" were parties to a contract whereby Visit Knoxville performed tourism marketing services for Knox County. Visit Knoxville received a percentage of hotel-motel tax collections as compensation for these services. The County appoints certain board members of Visit Knoxville.

C. Risk Financing

The County has established risk-financing funds (the Self Insurance Healthcare Fund, and the Self Insurance Fund) associated with the employee's health insurance plan and payments to cover worker's compensation and general liability claims and settlements, respectively. The Board and the District (component units), the Geographic Information Systems (joint venture between the County and the City of Knoxville), and the Knox County-City of Knoxville Metropolitan Planning Commission (a separate governmental organization) also participate in the plan.

The risk financing funds are accounted for as internal service funds where assets are set aside for claim settlements. On January 1, 2008, Knox County became self-insured offering County employees and their families healthcare coverage using Cigna Healthcare of Tennessee as a third-party administrator until December 31, 2012. Beginning January 1, 2013, Knox County elected to use Humana and CVS Caremark as third-party administrators of their healthcare coverage. In the Self Insurance Healthcare Fund a premium is charged to each fund, participating Component Unit, joint venture, or outside entity that accounts for eligible employees. The total charges for the funds are calculated using trends in actual claims experience. In instances where medical claims materially exceed premiums received, each participating entity is charged a pro-rata basis for any fund deficits incurred.

In the Self Insurance Fund, each fund, participating Component Unit, and participating outside entity is charged for claims incurred during the year and estimated claims at year-end. The total charges for the funds are calculated using trends in actual claims experience. Provisions are also made for unexpected and unusual claims.

Liabilities of the funds are recorded when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation and recent claim settlements. Changes in the balances of claims during the past two fiscal years are as follows:

	Self Insurance Healthcare Fund - Medical Claims					Self Insurance Fund and Workers' (•
	Fisc	al Year 2013		Fiscal Year 2012	Fis	cal Year 2013	Fiscal Year 2012
Unpaid Claims - Beginning							
Balance	\$	1,986,894	\$	2,175,581	\$	8,326,732 \$	5,290,432
Incurred Claims (Including							
IBNR's)		23,153,100		22,947,866		3,124,723	4,868,690
Claim Payments		(23,633,112)		(23,136,553)		(2,169,747)	(1,832,390)
Unpaid Claims - Ending Balance	\$	1,506,882	\$	1,986,894	\$	9,281,708 \$	8,326,732

C. Risk Financing (Continued)

The County and the Board purchase insurance coverage for personal and real property. The District purchases insurance coverage for personal and real property, general liability and workers' compensation coverage. The County and its component units have had no significant reduction in insurance coverage over the last three years. Settlements have not exceeded insurance coverage in the past three fiscal years.

D. Other Post Employment Benefits

Plan Description

As authorized by County Resolution, the County provides post-retirement health care benefits for County and classified school retirees and their dependents. Retirees may participate only until they reach age 65 (except for a few "grandfathered" retirees who still have active medical insurance). The retiree is responsible for paying 100 percent of the related premium. The retirees who have chosen to participate in the County's medical insurance plan have not been evaluated on a separate experience rating from those of existing County and Board employees. Therefore, participating retirees contribute the same premium as existing employees, plus the amount the employer contributes for existing employees. Under this arrangement the retiree contributions are expected to be less than their expected health care cost, and a portion of the premiums the County pays on behalf of its active employees is deemed to subsidize the retirees' costs. This implicit subsidy is an Other Post-employment Benefit (OPEB) as defined by GASB Statement No. 45. The County's medical insurance plan, a single-employer defined benefit plan, does not issue a separate financial report.

Funding Policies

The contribution requirements of the County healthcare plan members and the County are established in the annual budget approved by County Commission. The required contribution is based on the annual premiums for the healthcare plan. The active employees pay a portion of the premium cost and the County pays the remaining premiums. For health insurance, the retiree contributes 100% of all premium payments. For the fiscal year ended June 30, 2013, the retirees contributed \$167,020 and \$164,466 respectively to the active Cigna and Humana medical plans. Retirees contributed 100% of the cost of the Medicare Advantage premium totaling \$348,628.

D. Other Post Employment Benefits (Continued)

Annual OPEB Cost and Net OPEB Obligation

The County's annual OPEB cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liability over a period not to exceed thirty years.

The plan contains both active employees and retirees. Although the County's annual contribution is 51.62% of premium payments for the combined participants, the share of claims related to retirees represents a higher percentage of the total claims. Accordingly, contributions reflected in the OPEB calculations have been adjusted to reflect that a portion of contributions for active employees are subsidizing the retiree claims.

As the OPEB consists solely of the implicit subsidy of retiree healthcare contributions, the County has elected to have actuarial valuations performed biennially.

The following table shows the components of the County's annual OPEB cost, the amounts contributed to the plan, and changes in the County's net OPEB obligation:

Annual Required Contribution	\$ 284,272
Interest on net OPEB Obligation	25,900
Adjustment to annual required contribution	 (31,367)
Annual OPEB Cost	 278,805
Contribution made	 (143,933)
Increase (decrease) in net OPEB obligation	 134,872
Net OPEB obligation July 1, 2012	 647,490
Net OPEB obligation June 30, 2013	\$ 782,362

Annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation were as follows:

Fiscal Year Ended	Annual PEB Cost	Percentage of Annual OPEB Cost Contributed	et OPEB bligation
June 30, 2011 June 30, 2012 June 30, 2013	\$ 263,802 267,974 278,805	46.49% 48.06% 51.62%	\$ 508,294 647,490 782,362

D. Other Post Employment Benefits (Continued)

Funded Status and Funding Progress

As of July 1, 2012, the most recent actuarial valuation date, the County healthcare plan was 0% funded. The actuarial accrued liability for benefits for June 30, 2013 was \$2,746,949, resulting in an unfunded actuarial accrued liability (UAAL) of \$2,746,949. The schedule of funding progress immediately following the notes to financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Valuations

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the Plan and the annual required contributions of the County Plan members are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following these notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the County and Plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2012 valuation, the projected unit credit cost method was used. The actuarial assumptions included a funded interest rate of 4.0% and a participation rate of 12%. Annual health care costs are assumed to increase 9% in the first year of valuation. Future annual increases are assumed to grade uniformly to 5% by the year 2018. The UAAL is being amortized as a level percentage of projected payrolls on a closed basis. The remaining amortization period at June 30, 2013 was 23 years.

E. Commitments and Contingencies

The County and its component units are parties to various legal proceedings, a number of which normally occur in governmental operations. As discussed in Note IV.C., amounts have been accrued in the County's Self Insurance Fund for the estimated amounts of claims liabilities.

The County receives significant financial assistance from the Federal and State governments in the form of grants and entitlements. These programs are subject to various terms and conditions, compliance with which is the responsibility of the County. These programs are subject to financial and compliance audits by the grantor agencies. Any costs disallowed as a result of such audits could become a liability of the County. As of June 30, 2013, the amount of any liabilities that could result from such audits cannot be determined. However, the County believes that any such amounts would not have a material adverse effect on the County's financial position.

The County and the Board utilize encumbrance accounting in their governmental funds. Encumbrances outstanding at June 30, 2013 that have been reappropriated in the subsequent year are as follows:

Primary Government:	
Major Funds:	
General	\$ 493,845
Capital Projects Public Improvement	2,937,582
Nonmajor Governmental Funds	 754,198
Total Primary Government	\$ 4,185,625
Componet Unit - the Board:	
Major Funds:	
General Purpose School	\$ 243,358
School Construction Capital Projects	7,512,752
Nonmajor Governmental Funds	 1,517,112
Total Component Unit - the Board	\$ 9,273,222

E. Commitments and Contingencies (Continued)

The County and the Board have several outstanding construction projects as of June 30, 2013. The County also has a five-year Capital Improvement Plan which addresses major capital needs for the County and the Board. Although the Capital Improvement Plan does not represent legal appropriations or contractual commitments, it does represent priorities as determined by the County and the Board. Funding for the first year of the adopted Capital Improvement Plan has been appropriated by action of the County Commission.

The following represents capital projects funds spent to date, current contractual obligations, and appropriations for future projects as adopted in the Capital Improvement Plan for the fiscal year beginning July 1, 2013:

	S	Spent to Date	Contractual Commitment Remaining at June 30, 2013	Capital Improvement Plan July 1, 2013 - June 30, 2014
Primary Government:				
Ballcamp Road Improvements	\$	17,149,240	\$ -	\$ -
Energy Management Project - County		14,004,728	-	-
Dry Gap Pike		6,128,392	-	50,000
Stormwater Management Plan		7,426,284	-	-
Outlet Mall Drive/Synder Road		3,338,476	-	-
Parkside Drive		9,360,422	-	-
Dutchtown Road Functional Planning		12,340,518	-	-
Other Projects		126,063,711	2,937,582	13,490,761
Total - Primary Government	\$	195,811,771	\$ 2,937,582	\$ 13,540,761
Component Unit - the Board:				
Physical Plant Upgrades	\$	13,276,249	\$ 7,100,538	\$ 3,000,000
Gibbs Elementary School		15,404,720	-	-
Cedar Bluff - K-3		20,036,668	-	-
Northshore Elementary School		17,299,738	410,022	-
Other Projects		152,045,801	2,192	10,950,000
Total - the Board	\$	218,063,176	\$ 7,512,752	\$ 13,950,000

E. Commitments and Contingencies (Continued)

Construction projects for both the County and the Board are primarily funded by general obligation bonds.

F. Deferred Compensation

The County and the Board jointly offer their employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The District also offers its employees a separate deferred compensation plan. The plans, available to all full-time County, Board and District employees at their option, permit participants to defer a portion of their salary, at least \$20 per month, until future years. The deferred compensation is not available to participants until termination, retirement, death or an unforeseeable emergency. (See also Employee Retirement Plans).

G. Constitutional Officers

The Constitutional Officers Special Revenue Fund includes the operations of the following elected officials:

Trustee - serves as the treasurer and primary investment manager of the County's funds and manages property tax collection efforts.

Knox County Clerk - serves as the Clerk of the County Commission. Principally engaged in the sale of motor vehicle licenses and acceptance of applications of motor vehicle registrations of the State of Tennessee.

Circuit and General Sessions, Criminal and Fourth Circuit Courts Clerks and Clerk and Master - serve as the clerical and support staff for the various courts for both civil and criminal proceedings.

Register of Deeds - collects various fees for the recording of conveyances, trust deeds, chattels, charters, plats and other legal instruments.

These officials, responsible for the collection and remittance of State, County and other funds, earn fees and commissions for their services.

G. Constitutional Officers (Continued)

The operations of the Constitutional Officers are operated under the provisions of Section 8-22-104, Tennessee Code Annotated (TCA). Salaries and related benefits of the officials and staff are paid from fees and commissions earned. Fees earned in excess of these costs are remitted to the County's General Fund, less an allowance of three months of anticipated operating expenses retained in the respective fee account. Salaries for clerical assistance were supported by chancery court decrees that were obtained under provisions of Section 8-20-101, et seq., TCA. These activities are accounted for in the County's Constitutional Officers' Special Revenue Fund.

Collections and payments for litigants, heirs and others are accounted for in the County's Constitutional Officers' Agency Fund.

Other operating costs of these offices (excluding salaries and benefits) are accounted for in the County's General Fund. These budgeted amounts are approved by the County Commission in accordance with the County Charter. Fees remitted by the officials in excess of salaries and benefits are used to offset the cost to the General Fund.

Included in the Supplementary Schedules of the County's Comprehensive Annual Financial Report are schedules (reported on the cash basis of accounting) of detailed operations of the respective offices for the fiscal year ended June 30, 2013. These schedules only include the cash operations of the offices. They do not include the expenditures reported in the County's General Fund.

H. Accounting Pronouncements

The County adopted GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, required for fiscal periods beginning after December 15, 2011, in fiscal 2013. This Statement establishes accounting and financial reporting requirements for service concession arrangements. The adoption of this Statement did not have a material effect on the County's financial condition and results of operations.

The County adopted GASB Statement No. 61, *The Financial Reporting entity: Omnibus--an Amendment of GASB Statements No. 14 and No. 34*, required for fiscal periods beginning after June 15, 2012, in fiscal 2013. This Statement amends certain reporting entity issues related to component units and equity interests in joint ventures. As a result of the implementation of this Statement, the Development Corporation of Knox County has been included as a component unit.

The County adopted GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position,* required for fiscal periods beginning after December 15, 2011, in fiscal 2013. This Statement provides financial reporting guidance for deferred outflows and deferred inflows of resources, and identifies net position as the residual of all other elements presented in a statement of financial position. The adoption of this Statement did not have a material effect on the County's financial condition and results of operations.

The County plans to adopt GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, required for fiscal periods beginning after December 15, 2012, in fiscal 2014. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. Management is in the process of determining the effects that the adoption of this Statement will have on the County's financial statements.

The County plans to adopt GASB Statement No. 66, *Technical Corrections-2012-an Amendment of GASB Statements No. 10 and No. 62*, required for fiscal periods beginning after December 15, 2012, in fiscal 2014. This Statement resolves conflicting guidance that resulted from the issuance of two subsequent pronouncements, Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. Management is in the process of determining the effects that the adoption of this Statement will have on the County's financial statements.

H. Accounting Pronouncements (Continued)

The County plans to adopt GASB Statement No. 67, *Financial Reporting for Pension Plans-an Amendment of GASB Statement No. 25*, required for fiscal periods beginning after June 15, 2013, in fiscal 2014. This Statement replaces the requirements of Statements No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, and No. 50, *Pension Disclosures*, as they relate to pension plans that are administered through trusts or equivalent arrangements that meet certain criteria. Management is in the process of determining the effects that the adoption of this Statement will have on the County's financial statements.

The County plans to adopt GASB Statement No. 68, Accounting and Financial Reporting for Pensions-an Amendment of GASB Statement No. 27, required for fiscal periods beginning after June 15, 2014, in fiscal 2015. This Statement replaces the requirements of Statements No. 27, Accounting for Pensions by State and Local Government Employers, and No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered through trusts or equivalent arrangements that meet certain criteria. Management is in the process of determining the effects that the adoption of this Statement will have on the County's financial statements.

The County plans to adopt GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*, required for fiscal periods beginning after December 15, 2013, in fiscal 2015. This Statement establishes accounting and financial reporting standards, specific to the government environment, related to government mergers, acquisitions, and transfers as well as transfers or sales of government operations. Management is in the process of determining the effects that the adoption of this Statement will have on the County's financial statements.

The County plans to adopt GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, required for fiscal periods beginning after December 15, 2013, in fiscal 2015. This Statement establishes consistency in the accounting and financial reporting standards applied to governments that extend nonfinancial financial guarantees, and to those that receive nonfinancial financial guarantees. This Statement will also enhance the information disclosed about a government's obligations and risk exposure from extending nonfinancial financial guarantees. Management is in the process of determining the effects that the adoption of this Statement will have on the County's financial statements.

KNOX COUNTY, TENNESSEE Notes to Financial Statements June 30, 2013

NOTE IV. OTHER INFORMATION (Continued)

I. Restatements

During the fiscal year ended June 30, 2013, the County became aware of a provision in State law regarding the distribution of mixed drink taxes. The applicable law (TCA 57-4-306) specifies that one-half of the portion of mixed drink taxes remitted from the State to local governments is to be remitted by the local governments to the county school fund (i.e., the Board). Although this law had been in effect for a number of years, it had been widely overlooked by local governments in the state, and both Knox County and the Town of Farragut had not been remitting the required mixed drink taxes to the Board. Therefore, a prior period adjustment has been made to record the amounts due from the County to the Board totaling \$247,490, and to record the Board's receivable from the Town of Farragut totaling \$1,270,515, applicable to mixed drink taxes collected but not remitted in prior years.

Also during the fiscal year ended June 30, 2013, the County identified errors in the recorded amounts allocated to the General Fund and Debt Service Fund applicable to those funds' balances in the County's pooled cash and investments. The errors, totaling \$2,400,165, occurred in prior years, and a prior period adjustment has been made to correct the errors.

As a result of these corrections, fund balances and net position as of the beginning of the fiscal year have been restated, as follows:

	Fu Ne	Beginning Ind Balance/ It Position, as Lously Reported	ljustment to Record ed Drink Tax	Corr Bala	djustment to rect Allocated nces in Pooled and Investments	 Beginning und Balance/ et Position, as Restated
Fund Balance:		<u> </u>				
Primary Government:						
General Fund	\$	61,339,133	\$ (247,490)	\$	(1,801,442)	\$ 59,290,201
Debt Service Fund	\$	22,872,470	\$ -	\$	(598,723)	\$ 22,273,747
Component Unit - the Board:						
General Fund	\$	48,308,831	\$ 1,518,005	\$	-	\$ 49,826,836
Net Position:						
Primary Government:						
Governmental Activities	\$	65,458,430	\$ (247,490)	\$	(2,400,165)	\$ 62,810,775
Component Unit - the Board: Governmental Activities	\$	421,830,445	\$ 1,518,005	\$	-	\$ 423,348,450

In addition, as a result of the adoption of GASB Statement No. 61 (see Note IV (H)), the Development Corporation of Knox County has been included as a component unit beginning with the fiscal year ended June 30, 2013. The Corporation's beginning net position of \$33,183,185 has been included in the Total Reporting Unit's beginning net position as of July 1, 2012.

I. Restatements (Continued)

In addition, in FY 2013 a prior period adjustment to the defined contribution plan's statements was recorded. See Note V (D) for additional information.

NOTE V: EMPLOYEE RETIREMENT PLANS

A. General Information

County and Board employees are covered by a variety of retirement plans. These plans fall into two categories - defined contribution and defined benefit plans. The majority of County and Board employees participate in *defined contribution plans*. Those not included in the defined contribution plan are certificated teachers covered under the Board's Article IX Defined Benefit Plan for former Knoxville City School teachers, all certificated County school teachers, certain non-certificated employees who elected not to transfer to the primary defined contribution plan or sworn officers in the Sheriff's Department who elected to transfer to the Uniformed Officers Pension Plan (UOPP) effective July 1, 2007, or were hired as a sworn officer on or after June 1, 2007. County certificated school teachers participate in the State Retirement Plan for Teachers as administered by the Tennessee Consolidated Retirement System (TCRS). Certain County Officials also participate in TCRS.

The State of Tennessee provides benefits for participants in the TCRS, a cost-sharing multipleemployer Public Employee Retirement System (PERS). In a multiple-employer PERS, all risks and costs are shared proportionately among the participating employers. A single actuarial valuation is computed for the TCRS as a whole and all participating employer groups make payments to the TCRS based on a pre-determined contribution rate. However, as the TCRS prepares a separate financial report on its multiple-employer defined benefit plan, the operations and activities of this plan are not included in the County's reporting entity and are not included in the accompanying financial statements.

The three defined contribution plans and the three defined benefit plans are part of the County's financial reporting entity and are included in the accompanying financial statements. The operations of the Knox County Closed Defined Benefit Plan (County DB Plan), the County's Defined Contribution Plan (County DC Plan), the County's Uniformed Officers Pension Plan (UOPP DB Plan), and the County's Medical Expense Retirement Defined Contribution Plan (MERP DC Plan) are recorded as County pension trust funds. The operations of the Board's Certificated Teacher's Defined Benefit Plan (Teacher's DB Plan) are recorded in the Board's pension trust fund. Complete separate financial statements for the three defined contribution plans and the three defined benefit plans may be obtained at Suite 371, City County Building, 400 Main Street, Knoxville, TN 37902.

B. Defined Contribution Plans

The Asset Accumulation Plan is a defined contribution plan established by Knox County under Section 401(a)(9) of the Internal Revenue Code. The plan covers a majority of the full time employees of the County and Classified employees of the School Board. Plan benefits depend solely on amounts contributed to the plan plus investment earnings. Participation begins on the first day of employment and all eligible employees not participating in another County, Board or state retirement plan are required to participate.

Effective, July 1, 1999, the Knox County Retirement Board amended plan provisions to require all participants to contribute a minimum of 6% of compensation.

At June 30, 2013, there were 5,640 active plan members. During the year, the employer and member contributions (prior to forfeitures) amounted to \$7,722,614 and \$7,722,614 respectively.

Effective July 1, 2007, the Asset Accumulation Program incorporated both a 401(a) Plan and a 457(b) Plan in the Defined Contribution Plan for Knox County participants and classified Board participants. The Knox County Voluntary 457 Plan incorporates voluntary pre-tax contributions by the participant with an employer match based on length of service with the County and/or Board. The employer will match:

Years of Service	Maximum % Match
0 - 5	0%
5 - 9	2%
10 - 14	4%
15 or more	6%

In January 2008, the Pension Board added two additional outside 457 Vendors as investment alternatives. Knoxville Teachers Credit Union (Board employees only) and Security Benefit were added January 1, 2008 and volunteer contributions made by participants in the Asset Accumulation Plan would also be eligible for the match offered by the employer. In September 2008, Nationwide, a third 457 Vendor was added to the Program. Each vendor prepares separate financial reports.

B. Defined Contribution Plans (Continued)

Effective July 1, 2008 the option of contributing to a 457(b) Plan was expanded to those active participants in the closed Defined Benefit (DB) Plan. The employer match for the closed DB Plan participants is a maximum of 3% of pay. Closed DB participants are eligible for the same 457 Plans/Vendors that are offered under the Asset Accumulation Plan.

As of June 30, 2013, there were 879 Plan members in one of the 457(b) Plans offered. During the year, member contributions amounted to \$1,557,044 and the employer contributed \$1,453,749.

The *Medical Expense Retirement Plan*, a voluntary defined contribution plan was established by the County on July 1, 1998, under Section 401(a)(9) of the Internal Revenue Code. Plan benefits depend solely on amounts contributed to the plan plus investment earnings. Voluntary participation begins upon enrollment; eligible employees may begin participation on the first day of employment. The Plan was specifically created to assist employees in planning and investing for anticipated medical expenses upon retirement. Plan provisions and contribution requirements are established and may be amended by the Knox County Retirement Board.

Effective July 1, 1999:

- (1) A participant reaching age 40 and completing at least five years of credited service received a one-time lump sum distribution of \$100 for each year of eligible service from the Knox County Retirement & Pension Board, and
- (2) A participant making contributions through payroll deductions to the Medical Expense Retirement Plan would be eligible for a percent match contribution from the Knox County Retirement & Pension Board based on the percent approved by the Board for the year in question.
- (3) Retirees are eligible for an additional distribution of a specific amount approved by the Board annually to help defer the retiree's medical costs. The history of this distribution is as follows:

Calendar Years 1999 - 2012	\$3,540
Calendar Year 2013	\$120

B. Defined Contribution Plans (Continued)

Prior to calendar year 2010, the contributions were funded using excess funds as actuarially determined from the *County DB Plan* and recorded as a transfer from the *County DB Plan* to the *Medical Expense Retirement DC Plan*. MERP funding for calendar years 2010 – 2014 is funded through additional contributions to the DB Plan from Knox County. This bonus will be paid to all retirees as of January 1 of each year and payment will occur during the first quarter of the same year.

Effective January 1, 2010, the Knox County Commission approved the funding for the retiree bonus in the amount of \$120 annually for each of the next five years. Active employees contributing to the Medical Expense Retirement Plan will receive a 25% match from the Retirement & Pension Board up to a maximum annual match of \$104. The Knox County Commission also committed to funding this for five years.

At June 30, 2013, the Medical Expense Retirement Plan had 1,676 members and 591 of them contributed funds to the plan. During the year employer and member contributions amounted to \$49,420 and \$207,509, respectively.

Plan provisions and contribution requirements for the defined contribution plans are established and may be amended by the Knox County Retirement Board. The Knox County Retirement Board administers the plans. Administrative costs of the plans are paid with plan assets in the DB Plans.

In November 2012, the Knox County voters approved the closing of the Uniform Officers Pension Plan (UOPP) to all new officers and to have the Pension Board design another plan for officers employed by the Knox County Sheriff's Department. Effective January 1, 2014, the UOPP Plan will be closed to all new-hires or re-hires. The new officer plan is called the Sheriff's Total Accumulation Retirement Plan (STAR). STAR is a Defined Contribution Plan where the officer contributes 6% of pay and the County contributes a total of 12% of pay. Vesting by the officer is 10 year cliff vesting on the first 10% employer contribution and 15 year cliff vesting on the remaining 2% employer contribution. Employees will have the responsibility of investing their contribution plus the 10% employer contribution from an array of investment options. The Pension Board will handle the investment of the additional 2% of the employer contributions.

C. Defined Benefit Plans

Plan Descriptions

Primary Government. The *County DB Plan* is a public employee retirement pension plan established by the County Commission pursuant to House Bill Number 886 of Chapter 246 of the 1967 Private Acts of the State of Tennessee as amended and continued by the County's charter.

On October 1, 1991 through January 31, 1992, approximately one-half of the participants in the *County DB Plan* transferred from the *County DB Plan* to the *County DC Plan*. The transferred participants plus "new" enrollees in the defined contribution plan are non-contributing participants and continue to be covered under the *County Plan* disability and death benefit provisions. Effective September 30, 1991, the *County DB Plan* was closed to new participants.

The *County DB Plan* covered virtually all full-time County and Classified School Board employees prior to October 1, 1991. The plan provides retirement, disability, and death benefits to plan members and their beneficiaries.

The *Board*. The *Teachers' DB Plan*, established under Article IX of the Knox County Employee Benefit System, is a single-employer public employee retirement pension plan. Retirement benefits are provided to certain "covered certificated members" who are participants in Divisions A and B of the City of Knoxville Pension Plan. Pursuant to the abolition of the Knoxville City Schools on June 30, 1987, and the execution of the "Certificated Employees Participation Agreement" in November, 1994, both the City of Knoxville and the Board are each jointly and severally responsible for providing a portion of benefits. The County has established a trust for the purpose of funding its portion of total benefits attributable to the "covered certificated members." A "covered certificated member," is defined as that certificated teacher who (1) became an employee of the Knox County Board of Education as a result of the abolition of the Knoxville City Schools and (2) is entitled to maintain at his/her option a local pension plan membership as provided by decree of the Court of Appeals of Tennessee, Docket Number 736 dated December 30, 1987.

The *Teachers DB Plan* consists of Divisions A and B. There were no remaining Division B participants active as of June 30, 1995. Both Divisions A and B are closed to new Plan members. The Plan provides retirement, disability benefits, and death benefits to the Plan members and their beneficiaries.

C. Defined Benefit Plans (Continued)

The *Uniformed Officers Pension Plan (UOPP)* was approved by the voters of Knox County at the November 2006 elections. The Plan was established July 1, 2007 with approximately 600 sworn Sheriff's Office employees electing to transfer their retirement balance from the Asset Accumulation Plan or the closed Defined Benefit Plan to the UOPP. The amount transferred from the participant's accounts totaled \$39,429,351. In addition, Knox County issued \$57 million of pension obligation bonds, and transferred the proceeds (net of issuance costs) totaling \$56,510,846 to the Plan.

All new employees hired on or after June 1, 2007, who are sworn officers of the Sheriff's Department, are required to join the UOPP. Each participant contributes 6% of pay until the participant has reached 30 years of credited service with the UOPP. All remaining funding needed for the Plan is the responsibility of Knox County.

In the *Defined Benefit Plan* and the *Teacher Plan*, provisions and contribution requirements are established and may be amended by the Knox County Retirement Board in compliance with state law. For the *Uniformed Officers Plan*, some provisions and employee contribution changes are limited based on wording in the Knox County Charter (Article VII, Section 7.05) while other provisions and employer contributions can be determined by the Knox County Retirement Board in compliance with state law. The Knox County Retirement Board administers the Plans and the Board's administrative costs are paid from the assets of these three plans. Separate financial reports are prepared for all three plans.

Description	County DB Plan	Uniformed Officers' DB Plan	Teachers' DB Plan
Actives Contributing	103	739	7
Actives Contributing Actives Not Contributing	4,341	/39	1
Retirees - Beneficiaries and Disabled	4,341	-	451
Retirees - Beneficiaries and Disabled		6 70	451
	1,654	, .	-
Inactives with Contribution Accounts	263	14	8
Inactives, DC Plan	353	-	
Total Participants	6,918	829	466

Participant data at January 1, 2013 was as follows:

As a result of the November 2012, Knox County Election, the UOPP will be closed to new participants as of January 1, 2014. All Law Enforcement and Correction Officers (including the Sheriff and Chief Deputy) hired after January 1, 2014, will be enrolled in a new Defined Contribution Plan called STAR (see Note V – B for more details.)

C. Defined Benefit Plans (Continued)

Along with the closing of the UOPP Plan effective January 1, 2014, a 501c(9) Disability Trust Plan will be started for all eligible participants in all the Knox County Retirement Systems (except City A Teachers) who become disabled on or after January 1, 2014. This will close the disability benefits section of both the Closed DB Plan and the UOPP Plan for any new claims. The new Disability Plan will have a 90 day waiting period before benefits begin, pay 60% of highest 12 month pre-disability income with offset for worker compensation &/or Social Security Disability without a cost of living adjustment, and a return to employment incentive (those participants disabled prior to January 1, 2014, will continue under the disability plan they were approved under.) Disability benefits will stop the earlier of normal or early retirement, death, or no longer disabled.

The Knox County Schools contribute to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP), a cost-sharing multiple employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits to plan members and their beneficiaries. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members who are at least 55 years of age or have 25 years of service. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the plan on or after July 1, 1979 are vested after five years of service. Members joining prior to July 1, 1979 are vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34 - 37 of the Tennessee Code Annotated (TCA). The Tennessee General Assembly amends state statutes. Cost of living adjustments (COLA) are provided to retirees each July based on the percentage change in the Consumer Price Index (CPI) during the previous calendar year. No COLA is granted if the CPI increases less than one-half percent. The annual COLA is capped at three percent.

C. Defined Benefit Plans (Continued)

Some employees of Knox County Mayor and Officials are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with ten years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979 become vested after ten years of service and members joining prior to July 1, 1979 were vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34 - 37 of the Tennessee Code Annotated (TCA). The Tennessee General Assembly amends state statutes. Political Subdivisions such as Knox County Mayor and Officials participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues publicly available financial reports that include financial statements and required supplementary information for the SETHEEPP and PSPP. These reports may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at <u>www.tn.gov/treasury/tcrs</u>.

Funding Policy

In the *County DB Plan*, plan members are required to make contributions at the rate of 5.0% of earnable compensation. The County, however, is required to make contributions only to the extent necessary to maintain the funded status of the plan as actuarially determined. The employer contribution rate for the year ending June 30, 2013 was 88.0%.

In the *Teachers' DB Plan*, most plan members are required to contribute 3.0% of the first \$4,800 then 5.0% thereafter of salary to the plan. The employer contribution rate for the Board is established at an actuarially determined rate and was 1463.5% of annual covered payroll for the year ending June 30, 2013.

C. Defined Benefit Plans (Continued)

In the *Uniform Officers Pension Plan*, participants contribute 6% of earnable compensation until they have 30 years of credited service with the UOPP Plan. The participant makes no contribution if he or she has 30 plus years of service. The County is required to make contributions to the extent necessary to achieve the funding status of the plan as actuarially determined. The employer contribution rate was 15.05% of annual covered payroll for the year ending June 30, 2013.

Under the *TCRS plan*, most teachers are required by state statute to contribute 5.0% of salary to the plan. The employer contribution rate for Knox County Schools is established at an actuarially determined rate. The employer rate for the fiscal year ending June 30, 2013 was 8.88% of annual covered payroll.

The employer contribution requirement for Knox County Schools is established and may be amended by the TCRS Board of Trustees. The employer's contributions to TCRS for the years ending June 30, 2013, 2012 and 2011 were \$20,904,288, \$20,246,139, \$19,981,105, respectively, equal to the required contributions for each year.

The TCRS plan for Knox County Mayor and Officials requires employees to contribute 5.0% of earnable compensation.

Knox County Mayor and Officials are required to contribute at an actuarially determined rate; the rate for the County for the fiscal year ending June 30, 2013 was 10.70% of annual covered payroll. The contribution requirement of plan members is set by state statute. The contribution requirement for Knox County Mayor and Officials is established and may be amended by the TCRS Board of Trustees. The annual required contributions for the current year were determined as part of actuarial valuations using the following significant assumptions:

	Primar	Component Unit - The Board		
	County DB Plan	Uniformed Officers DB Plan	TCRS	Teachers' DB Plan
Actuarial Valuation Date	January 1, 2013	January 1, 2013	July 1, 2011	January 1, 2013
Actuarial Cost Method	Entry Age Normal	Entry Age Normal	Frozen Entry Age	Entry Age Normal
Actuarial Valuation of Assets	Smoothed Market	Smoothed Market	Smoothed Market	Smoothed Market
	Value Over 5 Years	Value Over 5 Years	Value Over 10 Years	Value Over 5 Years
Inflation Rate	3.00%	3.00%	3.00%	3.00%
Investment Return	7.00%	7.00%	7.50%	7.00%
Projected Salary Increases	3.00%	3.00%	4.75%	3.00%
Post Retirement Increases (Cost of Living Adjustments)	3.00%	3.00%	2.50%	3.00%

Under the Entry Age Normal cost method, the annual cost is equal to the normal cost, plus amortization of unfunded accrued liabilities over a fixed period of years selected within the minimum (10 years) and the Maximum (5 to 30 years) periods permitted by law.

C. Defined Benefit Plans (Continued)

In the TCRS, the unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2011 was 9 years.

The changes in the Net Pension Obligation (Asset), components of the Annual Required Contribution, and adjustments to the Annual Required Contribution are as follows:

D. Prior Period Adjustment – Correction of an Accounting Error for Defined Contribution Plans

Prior to FY 2013, the County did not record the fair value adjustment of the unrealized gains (losses) of the defined contribution plan's investments in common collective trusts and guaranteed investment contracts. Generally Accepted Accounting Principles (GAAP) require that investments in interest-earning contracts with insurance companies and common collective trusts should be reported at estimated fair value. Previously the County had reported these investments at contract value. The effect of this prior period adjustment was an increase in total investments, assets and net position of \$1,808,870 as of July 1, 2012 for the County's Defined Contribution Plan, Voluntary 457 Plan, and Medical Retirement Defined Contribution Plan.

Supplemental Section

GENERAL FUND

The General Fund is used to account for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in another fund. The General Fund accounts for the normal recurring activities of the County (i.e., public safety, recreation, health and welfare, general government, etc.). These activities are funded principally by property taxes on individuals and businesses.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

State and Federal Grants Fund: This fund is used to account for most State and Federal grant revenues.

Governmental Library Fund: This fund accounts for the operation of the law library that is available to the public but is used primarily by attorneys practicing in the courts. User fees are charged by the Governmental Library.

Public Library Fund: This fund is used to account for the operation of the Countywide public library system.

Solid Waste Fund: This fund is used to account for solid waste and recycling activities.

Hotel/Motel Tax Fund: This fund accounts for the collection and use of the amusement tax to promote tourism and related economic activity in the County.

Drug Control Fund: This fund was established pursuant to an amendment of Tennessee Code Annotated Section 39-17-420. This fund is used to account for drug control activities restricted for drug enforcement, drug education and non-recurring general law enforcement expenditures. This fund is primarily funded from the receipt of fines and costs related to drug enforcement cases.

Engineering and Public Works Fund: This fund is used to account for the County's share of the State gasoline and motor fuel taxes that are utilized to maintain non-state roads within the county.

CAPITAL PROJECTS FUND

ADA Construction Fund: This fund is used to account for construction activity related to the Americans with Disabilities Act.

This fund received revenues in several previous years, with no additional new revenue since the 2005 fiscal year. Since then the existing

fund balance is being spent down. The County does not expect that any additional resources will be received in this fund, and therefore intends to expend the remaining fund balance and close the fund at some future date.

Beginning in FY 2013, this fund is no longer being budgeted for on an annual basis. Instead, the activities in this fund are being budgeted for on a project-length basis and the related appropriations therefor are accounted for in the County's Capital Improvement Plan budget.

ENTERPRISE FUND

Enterprise Funds account for operations that provide services primarily to the general public on a user charge basis.

Three Ridges Golf Course Fund: This fund accounts for the operations of the Three Ridges Golf Course.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one of the County's departments or agencies to other departments or agencies and to the County's various discretely presented component units and joint ventures.

Vehicle Service Center Fund: This fund is used to account for gasoline and maintenance services for County vehicles.

Mailroom Fund: This fund is used to account for central mailroom services for the County.

Employee Benefits Fund: This fund is used to account for the payment of retiree medical premiums, employee retirement, life insurance, other payroll related expenses, and unemployment claims.

Self Insurance Fund: This fund is used to account for the payment of workers compensation and general liability claims against the County.

Building Operations Fund: This fund is used to account for all maintenance services for Knox Central buildings.

Technical Support Service Fund: This fund accounts for technical support and technical repairs associated with electronic data processing.

Capital Leasing Fund: This fund is used for lease/purchase transactions to other departments. The fund also serves as a leasing entity for a fleet of vehicles or other equipment.

Self Insurance Healthcare: This fund is used to account for the payment of health insurance claims.

FIDUCIARY FUNDS

Trust funds are used to account for assets held by the County in a trustee capacity. Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments and/or other funds.

PENSION TRUST FUNDS

Pension Trust Fund Defined Benefit: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's defined benefit plan.

Pension Trust Fund Defined Contribution: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's defined contribution (asset accumulation) plan.

Pension Trust Fund Defined Contribution Voluntary 457 Plan: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees who have chosen to participate in the County's defined contribution plan.

Pension Trust Fund Medical Retirement Defined Contribution: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's defined contribution (asset accumulation) plan. This plan assists employees in planning and investing for anticipated medical expenses upon retirement.

Pension Trust Fund Uniformed Officers: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's Uniformed Officers Pension Plan.

AGENCY FUNDS

Municipal Sales Tax Fund: This fund accounts for the local sales tax levied by local municipalities. These funds are collected by the State of Tennessee and remitted to the County for distribution to the municipalities.

Subdivision Bonds: This fund accounts for the receipt and distribution of funds held by the County from subdivision developers pending completion of road and hydrology requirements.

External Agencies Fund: This fund accounts for the cash of several external agencies and County joint ventures held by the County Trustee on their behalf.

Constitutional Officers: The various elected officials use this fund to account for the receipt and disbursement of funds on behalf of state agencies and/or other funds.

Component Unit – Board of Education

DISCRETELY PRESENTED COMPONENT UNIT KNOX COUNTY BOARD OF EDUCATION

This section presents combining and individual fund financial statements for the Knox County Board of Education (the Board), a discretely presented component unit. The Board uses a general fund, a capital projects fund, three special revenue funds, a pension trust fund, and an agency fund. This section also includes the Statement of Net Position and Statement of Activities for the Board and its discretely presented component unit, the Great Schools Partnership.

MAJOR FUNDS

GENERAL FUND

General Purpose School Fund: This fund is used to account for general operations of the Board. Major funding is provided through local tax levies and state education funds.

CAPITAL PROJECTS FUND

School Construction Fund: This fund is used to account for building construction and renovations of the Board.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

School Federal Projects Fund: This fund is used to account for restricted federal revenues that must be expended on specific education programs.

School General Projects Fund: This fund is used to account for state, local and federal pass-through revenues which must be expended on specific education programs.

Central Cafeteria Fund: This fund is used to account for the cafeteria operations in each of the individual schools. The primary sources of funding are federal and state revenues for the school lunch program and sales to students and adults.

FIDUCIARY FUND

Pension Trust Fund: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the Board's defined benefit plan for certificated teachers.

AGENCY FUND

School Activity Fund: This fund accounts for the activity related to individual public school funds held in an agency capacity since these funds legally belong to students.

Discretely Presented Component Unit Knox County Board of Education Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2013

Amounts reported for governmental activities in the statement of net position are different because:	
Ending Fund Balance - Governmental Funds	\$ 43,782,326
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	391,313,034
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts were deferred in the fund financial statements but have been recognized under the accrual basis.	4,980,109
Long-term liabilities, consisting of compensated absences (\$2,466,681) and pension obligation (\$3,107,272), are not due and payable in the current period and therefore are not reported in the funds.	 (5,573,953)

Discretely Presented Component Unit Knox County Board of Education Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2013

Amounts reported for governmental activities in the statement of activities are different because:		
Net Change in Fund Balances - Total Governmental Funds	\$	(27,674,449)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays		
(\$39,520,982) exceeded depreciation (\$14,913,294) in the current period.		24,607,688
The Primary Government provided a capital asset to the Board. This transaction did not provide current resources to governmental funds, but resulted in the recognition of revenue in the statement of activities.		14,910,367
		14,910,507
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts were recognized as revenues in the statement of activities but were not reported as revenues in the fund		
financial statements.		4,980,109
Amounts reported as fund revenues that met the criteria for revenue recognition under the full accrual method of accounting in the preceding fiscal year have been excluded		
from the current year statement of activities.		(5,621,212)
The increase in the liability for compensated absences of \$81,447 resulted in additional expenses, and the reduction of the net pension obligation of \$32,010 resulted in the reduction of any expension.		
reduction of expenses. These amounts do not require the use of current financial resources and, therefore, are not reflected in the expenditures of governmental funds.		(49,437)

Statistical Section

STATISTICAL SECTION (Unaudited)

This part of Knox County Government's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about Knox County's overall financial health.

Contents	Page
Financial Trends	227-235
These schedules contain trend information to help the reader understand how Knox County Government's financial performance and well-being have changed over time.	
Revenue Capacity	236-239
These schedules contain information to help the reader assess Knox County Government's most significant local revenue source, the property tax.	
Debt Capacity	240-242
These schedules present information to help the reader assess the afford- ability of Knox County Government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	
Demographic and Economic Information	243-244
These schedules offer demographic and economic indicators to help the reader understand the environment within which Knox County Govern- ment's financial activities take place.	
Operating Information	245-247
These schedules contain service and infrastructure data to help the reader understand how the information in Knox County Government's financial report relates to the services the government provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.
